The postoffice address is shown in **DISPLAY TYPE**, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 131 to 172) indicates the college of graduation, and the last number the year in which diploma was granted.

Dear Doctor:--What would you prescribe for my case? See page 14.

The postoffice address is shown in **DISPLAY TYPE**, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 131 to 172) indicates the college of graduation, and the last number the year in which diploma was granted.

RECTAL DISEASES.

PILES

One physician in every county should be instructed in the most successful Rectal treatment in the world. It insures great enlargement of practice through the unlimited gratitude of patients, and the most desirable financial advantages.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population of the place. WYOMING.

CAPITAL, CHEYENNE.

Population of State, 92,531.

(U. S. Census of 1900.)

Number of Physicians, 128.

Wyoming was organized as a territory July 25, 1868, from what was then the southwestern portion of Dakota, northeastern part of Utah and eastern part of Idaho. On July 10, 1890, the territory was admitted as a state by Act of Congress, being the forty-fourth state in order of admission. It has according to the United States census of 1900, a population of 92,531, as against 60,705 in 1890, representing an increase during the decade of 31,826, or 52.4 per cent. The population of the Territory of Wyoming in 1870 was 9,118 and it increased to 20,789 in 1880. During the next ten years the increase was 39,916 or 192.0 per cent, giving a total population of 60,705 in 1890. Its geographical location classes it among the states of the intermountain or arid region, being bounded on the north by Montana, on the east by Dakota and Nebraska, on the south by Colorado and Utah, and on the west by Utah, Idaho and Montana. Its length from east to west is 355 miles; width from north to south 276 miles, and it has an area of 97,890 square miles or 62,645,120 acres. In general appearance the country is mountainous, with valleys, rolling plains and plateaus, the latter covered with grasses of great nutrition, and furnishing admirable pasture for live stock, while the main elevation is 6,000 feet above sea level, with extremes ranging from 3,000 to 14,000 feet. Probably 10,000,000 acres of the total area of the state are covered with timber. Flowing east or west, according as their source is on the eastern or western slope of the main range of the Rocky Mountains, which cross the state from north to south, are numerous streams, among the number being the North Platte, Snake River, Green, Big Horn, Laramie and Yellowstone. None of these streams are navigable in a commercial sense, but they furnish water for the irrigation and development of the surrounding country and in some instances are used for the transportation of timber. The soil is a light sandy loam, darker and richer in the valleys. When reclaimed by the application of water, bountiful returns of agricultural products with the exception of such as thrive only at low altitudes and warm, damp climates, are secured. It is estimated that 10,000,000 acres of the area of the state are suitable for agricultural purposes by irrigation.

There are thirteen counties, four judicial districts, four irrigation divisions, many school districts, but no township organization.

SYNOPSIS OF MEDICAL LAW OF WYOMING.

Section 1. The Governor, by and with the advice and consent of the Senate, shall appoint three persons, who shall be electors of this State, who shall constitute the State Board of Medical Examiners.

Sec. 3. It shall be the duty of the State Board of Medical Examiners to pass upon the qualifications and determine the fitness of all persons who may desire to practice medicine, surgery or obstetrics, or who may publicly profess to cure or treat disease, injury or deformity in any manner whatever in this State.

Sec. 4. Every person practicing medicine in any of its departments shall possess the qualifications required by this act. If a graduate in medicine, he shall present his diploma to the State Board of Medical Examiners for verification as to its genuineness. If the diploma is found to be genuine, and issued by a medical college of recognized merit, said college being a member of the American Association of Medical Colleges, the Homœopathic Institutes or the National Eclectic Medical Association, or any college of similar standing in foreign countries, and if the person named therein be the person claimed and presenting the diploma, the State Board of Medical Examiners shall issue its certificate to that effect, signed by the majority of all the members thereof, with the seal of the board attached, and such diploma and certificate shall be conclusive as to the right of the lawful holder of the same to practice medicine in this State; Provided, no person holding diplomas, certificates or other credentials from schools or institutions other than those of recognized merit, as specified in this chapter, shall be permitted to practice in this State until he has passed a satisfactory examination before said Board. Said examination may be in whole or in part in writing, and shall be of an elementary and practical character, and shall be upon the subjects following: Anatomy, Physiology, Chemistry, Pathology, Materia Medica and Therapeutics, Hygiene, Theory and Practice of Medicine, Surgery and Obstetrics, and sufficiently strict to test the qualifications of the candidate as a practitioner. For the said examination a fee of twenty-five dollars shall be paid by the candidate to the treasurer of said board.

Sec. 5. The State Board of Medical Examiners shall receive through its secretary applications for certificates and examination. The president, or acting president, shall have the authority to administer oaths, and the board may take testimony in all matters relating to their duties; they shall issue certificates to all who furnish satisfactory proof of having received diplomas as provided in section four of this act. The board shall prepare certificates for those entitled thereto. Said board shall hold annual meetings, and in selecting places to hold their meetings they shall, so far as it is reasonable, accommodate applicants residing in different sections of the State, and due notice shall be published of all their meetings.

Sec. 6. Said State Board of Medical Examiners shall examine diplomas as to their genuineness and character, and if the diploma shall be found genuine as represented and of a character hereinafter provided, said board shall receive a fee of five dollars from each graduate, and no further charge shall be made to the applicants except the fee for recording the same, as hereinafter provided. In case of application made by any person holding a diploma, as required by section five of this chapter, for a certificate to practice within the State, it shall be sufficient for the applicant to present such diploma and proofs to the secretary of such board, and if such board be not then in session, such secretary shall inform the members of the board of such application, by writing or otherwise, as will be most practicable, or the facts upon which such application is based, and thereupon such members shall, in writing, advise such secretary as to whether such application be allowed or rejected and, if allowed, the certificate shall be issued as in other cases in this chapter provided. The verification of the diploma shall consist in the affidavit of the holder and applicant that he is the lawful possessor of the same, and that he is the person therein named. Such affidavit may be taken before any person authorized to administer oaths, and the same shall be attested under the hand and official seal of such officer. Graduates may present their diplomas and affidavits as provided in this act, by letter or by proxy, and the State Board of Medical Examiners shall issue its certificate the same as if the owner of the diploma was present.

Sec. 7. The board shall be permitted to issue a certificate to any person who has not a diploma from some recognized college as contemplated in this act, but who has been actually engaged in the practice of medicine for a period of ten years, the last five of which shall have been in this State, upon the payment of five dollars, and making application as set forth in sections four and six of this act, and finding proof by affidavit or otherwise, to the satisfaction of such board, setting forth the place of residence, time and places wherein such applicant has practiced, and showing such applicant to be a person of good moral character and sobriety.

Sec. 13. Nothing in this act shall be construed to prohibit students from prescribing under the immediate supervision of preceptors or to prohibit gratuitous service in case of emergency, and this act shall not apply to commissioned surgeons of the United States army or navy, or medical examiners of relief departments of railroad companies, while so employed, or any lawfully qualified physicians residing in other States or countries meeting registered physicians of this State in consultation, or any physician or surgeon residing upon the border of a neighboring State, and duly authorized under the laws thereof to practice medicine and surgery therein, whose practice extends into the limits of this State.

Sec. 15. The State Board of Medical Examiners shall examine all persons upon the theory and practice of obstetrics who openly profess to practice obstetrics and midwifery, who do not have authority to practice medicine or surgery; and they may issue to such candidates and person or persons who shall pass satisfactory examination, certificates which shall authorize and empower them to practice obstetrics or midwifery. No person shall practice obstetrics or midwifery unless either a practicing physician authorized to practice under the provisions of this act, or holding such certificates as are prescribed by this section; Provided, that nothing in this section shall be construed to prohibit persons from rendering services in cases of obstetrics or midwifery in cases of emergency.

Sec. 16 Any itinerant who has not qualified as hereinbefore provided, who shall sell or offer for sale any drug, nostrum, ointment or appliance of any kind intended for the treatment of any disease or injury, or shall by writing, printing or other method, except by ordinary professional card or sign, publicly profess to cure or treat disease, injury or deformity by any drug, nostrum or in any manner whatever, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined in any sum not less than fifty dollars nor more than one hundred dollars and costs of prosecution, for each offense, and shall be committed until such fine and costs are paid.

CAUTION.

Beware of so called Medical Directories, plagiarized from R. L. Polk & Co.'s Medical and Surgical Register of the U. S. and Canada, in violation of the copyright laws.

We have positive proof that some of the so-called State Medical directories issued since August, 1900, were copied from our 1900 Register and palmed off as new and original works.

Our friends will confer a favor upon us as well as render a service to the medical profession by promptly notifying us of such attempted frauds.

MEDICAL LAW OF THE HAWAIIAN ISLANDS.

TO REGULATE THE PRACTICE OF MEDICINE AND SURGERY, AND REPEALING SECTION 2, CHAPTER 59, OF THE PENAL CODE AS AMENDED JULY 7TH, 1870, RELATING TO THE PRACTICE OF MEDICINE AND SURGERY; ALSO, CHAPTER 19 OF THE LAWS OF 1880, CHAPTER 15 OF THE LAWS OF 1887, AND SECTION 47 OF CHAPTER 55 OF THE PENAL CODE, RELATING TO THE PRACTICE OF MEDICINE BY CHINESE PHYSICIANS.

Section 1. No person shall practice medicine or surgery as a profession in the Hawaiian Islands, either gratuitously or for pay, or shall offer to so practice, or shall advertise or announce himself, either publicly or privately, as prepared or qualified to so practice, without having first obtained from the minister of the interior, under seal of his department, a license in form and manner substantially as hereinafter set forth. Such license shall only be granted upon the written recommendation of the board of health.

All licenses to practice medicine or surgery heretofore granted by the minister of the interior upon the recommendation of the Board of Health, and in force at the time of the passage of this act, shall remain in force, subject to the provisions of this act.

Sec. 2. For the purposes of this act, the practice of medicine shall be held to include the use of drugs and medicines, water, electricity, hypnotism, or any means or method, or any agent, either tangible or intangible, for the treatment of disease in the human subject. Provided, however, that nothing herein contained shall be held to forbid any person from the practice of any method, or the application of any remedial agent or measure, under the direction or with the approval of a licensed physician.

Sec. 3. No person shall be recommended by the board of health for a license to practice medicine or surgery except upon the written report of a board of medical examiners, to be appointed and constituted as hereinafter provided, setting forth that the applicant named therein has been duly examined and found to be possessed of the necessary qualifications.

Sec. 4. For the purpose of carrying out the provisions of this act, the minister of the interior is hereby authorized and directed to appoint a board of medical examiners, whose duty it shall be to examine all applicants for license to practice medicine or surgery, and to report the result of such examination to the board of health.

Such board of medical examiners shall consist of three persons, all of whom shall be licensed physicians or surgeons under the laws of this Republic. The first appointment shall be for one, two and three years, respectively, and all subsequent appointments, unless to fill out unexpired terms, shall be for three years, subject, however, to removal for cause by the minister of the interior. The members of the board of medical examiners shall serve without pay.

Sec. 5. No applicant for license to practice medicine or surgery shall be examined until he shall have paid to the minister of the interior a fee of ten dollars.

Sec. 6. Any person who shall practice medicine or surgery in the Hawaiian Islands, or who shall offer or attempt to so practice, or shall advertise or announce himself, either publicly or privately, as prepared or qualified to so practice, contrary to the provisions of section 1 of this act, shall be guilty of a misdemeanor, and shall be liable, on conviction, to a fine of not more than two hundred and fifty dollars, in the discretion of the court.

Sec. 7. Licenses to practice medicine and surgery, whether granted under the provisions of this act or of any act heretofore existing, may be revoked by the minister of the interior at any time for professional misconduct, gross carelessness or manifest incapacity; such misconduct, carelessness or incapacity having been proven to the satisfaction of the board of health, and by that body reported in writing to said minister. In case any license is revoked for any of the causes named in this section, the holder thereof shall immediately be notified of such revocation in writing by the minister of the interior.

Sec. 8. In case of an alleged misconduct, carelessness or incapacity on the part of any holder of a license to practice medicine or surgery, the person so charged shall be notified in writing of the charge or charges that have been made, and of the time and place when and where evidence in support of the same will be heard, and shall have the opportunity to present evidence and be heard in his own defense.

PHILIPPINE ISLANDS.

CAPITAL, MANILA.

Population (estimated), 8,000,000.

Number of Physicians, 303.

This group, consisting of about 1,200 islands, lies off the southern coast of Asia, the entire area being in the vicinity of 115,000 square miles. It lies principally between 5° 32' and 19° 30' north latitude and 117° and 126° east longitude. The climate is variable, and for the tropics is not exceedingly hot. May is the hottest month, when the temperature ranges from 80 to 100 degrees. The mean annual rainfall as observed at Manila is 75.43 inches. The principal products are millet, rice, tobacco, maize, coffee, indigo, hemp, sugar, cotton, Manila cigars, Manila hemp fibre, timber, dye-woods, fruit, etc. There are about 25,000 Europeans resident here, about 12,000 being located in Manila.

MEDICAL COLLEGES.

Medical Department Santo Tomas University, Manila.

MEDICAL LAW.

The Spanish Law as to admission to practice still governs. In general, this requires a diploma from a reputable College, School, or University of such profession, or in lieu thereof an examination.

PORTO RICO.

CAPITAL, SAN JUAN.

Population (Estimated), 900,000.

Number of Physicians, 77.

The Island of Porto Rico, one of the most eastern of the West Indies, is located in that portion of the Atlantic Ocean known as the Caribbean Sea, 1,400 miles from New York and 1,050 from Key West, Fla. It is a parallelogram in shape, being 108 miles from east to west and 37 to 43 miles across, giving a total area of about 3,600 square miles. The climate is hot but tempered by prevailing north-east winds, the temperature dropping from 97 degrees in the shade during the hottest hours to 67 or 68 degrees at night. The rainy season lasts from August to December. There is an abundant water supply and there are over twelve hundred streams including about fifty entitled to be called rivers. The island is exceeding fertile and the principal industries are agriculture and lumbering. The chief crops are sugar, tobacco, coffee, maize and tropical fruits. Chief exports are coffee, sugar, tobacco, honey, molasses, cattle, hides and lumber.

MEDICAL LAWS.

REQUIREMENTS FOR REGISTRATION.

The superior board of health administers general orders through an examining committee appointed by the board, composed of three graduates in medicine and surgery, two in pharmacy and one in dentistry, of recognized ability in their professions, and with not less than ten years' practice therein. This committee shall be divided into sub-committees and empowered to hold examinations in medicine and surgery, pharmacy and den-

tistry. Executive officer, secretary of the board. Registration of the license from the superior board of health in the office of the board. Fee \$5.

The candidate must present to the board his diploma or certificate, which, if satisfactory, admits to examination. Licensing: The board of health, on the recommendation of the examining committee, certifies under seal that the candidate has given satisfactory evidence as to character, professional education and all other matters required by general orders. The examinations are prepared from questions submitted to the board of health by the examining committee, which marks the answers and reports results to the board of health. Legal practitioners under the Spanish government may receive a license on payment of the registration fee. Graduates of reputable medical and dental schools licensed, after examination, by state boards may, on payment of the fee of \$25, be licensed by the board of health without examination. Fee for physicians and surgeons, dentists pharmacists \$25, for practicantes \$15.

MEDICAL LAW.

SYNOPSIS OF REQUIREMENTS.

For the information of those who are not acquainted with the requirements necessary for registration as medical practitioners in this Province, the following synopsis is given:

1. Sub-sec. (C), Sec. 24, Med. Act, 1898, provides: The Council shall admit upon the register any person who shall produce from any college or school of medicine and surgery, requiring at least four years' course of study, a diploma of qualification; provided, that where the college or school of medicine did not require a course of study of at least four years, but a post-graduate course has been taken, which in point of time added, to the college or school of medicine course, completes a period of four years, it shall be deemed sufficient; provided, also, that the applicant shall furnish to the Council satisfactory evidence of identification, and pass before the members thereof, or such of them as may be appointed for the purpose, a satisfactory examination touching his fitness and capacity to practice as a physician and surgeon.

2. Sub-sec. (B), Sec. 24, provides that: The Council shall admit upon the register every person mentioned in chapter 48 of the Acts of Parliament of the United Kingdom, passed in the 49th and 50th years of Her Majesty's reign, duly registered under the "Medical Act" (Imperial), prior to and inclusive to the 30th day of June, 1887, upon complying with the orders, regulations or by-laws of the Council, and giving due proof of such registration, and that the person applying for registration has not lost the benefit of the same, by reason of misconduct or otherwise.

3. Every person applying for registration under Sub-sec. (C), Sec. 24, Medical Act, 1898, shall, on appearing in person before the Registrar of the Council and paying a fee to the Registrar of one hundred dollars, be entitled to be registered on producing to such Registrar a certificate duly authenticated under the hand and seal of the Registrar of Medical Practitioners in England, Ireland and Scotland, as the case may be (or other legal evidence), that such applicant is a duly registered medical practitioner, and that he was duly registered under the "Medical Act" (Imperial) on or before the 30th day of June, 1887. Such applicant will also be required to produce a certificate of good standing in the profession of medicine from the Registrar or other officer of the medical body having jurisdiction where such applicant last practiced his profession, and evidence by statutory declaration that he has not lost the benefit of his said registration under the "Medical Act" (Imperial), by misconduct or otherwise.

4. Sub-sec. (D), Sec. 24, provides that: Any homœopathic physician holding a diploma of qualification from any authorized school or college requiring at least a four years' course of study, which has been undergone by the applicant, may be registered under this act upon passing before the Council or such of them as may be appointed for that purpose, a satisfactory examination in the following subjects, viz.: Anatomy, Physiology, Pathology, Chemistry, Obstetrics and Surgery.

5. The examination shall be orally and in writing, upon the following subjects:

1. Anatomy.
2. Chemistry.
3. Physiology.
4. Pathology.

MEDICAL LAW.

SYNOPSIS OF REQUIREMENTS.

The Provincial Medical Board consists of thirteen practitioners, of at least seven years' standing, seven of which are appointed by the Governor and six elected by the Medical Society (i. e., the profession). To obtain a license, each applicant must pursue the following course:

Matriculation.—No person shall begin the study of medicine in order to qualify himself for practice in this province unless he has first completed his sixteenth year and paid a fee of \$10, presented satisfactory college certificate or passed the examination prescribed by the board.

Curriculum.—Every student must attend in the study of medicine four collegiate sessions of at least eight months each year.

Professional examinations consist of the following: First professional, after end of second year of medical study, fee \$15; second professional, at end of third year of study, fee \$10; third professional, at end of fourth year, fee \$25.—Journal of the American Medical Association.

MEDICAL LAW.

SYNOPSIS OF REQUIREMENTS.

The College of Physicians and Surgeons of Ontario is the name adopted by the medical profession of the Province of Ontario in its corporate capacity. The Council of the College of Physicians and Surgeons of Ontario is empowered and directed to enact by-laws for the regulation of all matters connected with medical education, and to fix the terms upon which practitioners of medicine duly qualified in other countries may be admitted as members of the College of Physicians and Surgeons of Ontario, this being the only mode in which they can become legally entitled to practice their profession in the province.

MATRICULATION.

Everyone desirous of being registered as a matriculated student in the register of this college shall be required to pay a fee of twenty dollars and to conform to the following regulations:

1. Any person who presents to the Registrar of the Medical Council a certificate that he has passed the examination conducted by the Education Department on the course prescribed for matriculation in Arts, including chemistry and physics, and approved by the Lieutenant-Governor in Council, shall be entitled, on payment of the lawful fees in that behalf, to registration as a medical student within the meaning of section 19 of the Ontario Medical Act.

2. A certificate from the Registrar of any chartered university conducting a full Arts course in Canada, that the holder thereof has passed the senior matriculation of such university or the examination conducted at the end of the first year in Arts by such university, shall entitle such holder to registration as a matriculate.

3. Graduates in Arts, in any university in His Majesty's dominions, are not required to pass this examination, but may register their names with the Registrar of the College upon giving satisfactory evidence of their identity, the presentation of a certificate of qualifications, and the payment of the fee of twenty dollars.

4. Every medical student, after matriculation shall be registered in the manner prescribed by the Council, and this shall be held to be preliminary to his medical studies, which will not be considered to begin until after the date of such registration.

MEDICAL CURRICULUM.

Every student must spend a period of five years in actual professional studies, except as hereinafter provided; and the prescribed period of studies shall include four winter sessions of eight months each. The fifth, or final year, shall be devoted to clinical work, six months of which may be spent with a registered practitioner in Ontario, or with an approved practitioner outside of Ontario, and six months must be spent at one or more public hospitals, dispensaries or laboratories devoted to physiological or pathological research, Canadian, British or foreign, approved by the Council, and must attend at least one hundred clinical lectures or demonstrations, as follows: Twenty-five on medical cases, twenty-five on surgical cases, twenty-five on obstetrical and gynaecological cases, and twenty-five on pathology, certificates for which must be presented to the Registrar of the Council, signed by teachers of schools or colleges recognized by the Council, together with a certificate of six months' hospital attendance during the fifth year. A certificate of having been house surgeon in a recognized hospital for one year will be accepted in lieu of these clinical lectures and hospital attendance.

Graduates in Arts or science of any college or university recognized by the Council who shall have spent two years in the courses of physics, chemistry, biology and physiology, and shall have passed examinations in their university course in the said subjects while taking their degree, will be required to spend four years in the study of medicine, and on condition that prior to the third year they shall have passed the Primary examination, they shall be permitted to take both the Intermediate and Final examinations on completion of the fourth year, but shall have no remission in the number of clinical lectures.

Homœopathic students who attend four sessions in a college approved of by the Homœopathic representatives in the Council, where the sessions are more than six months, shall be held to have fulfilled the requirements of this college in that regard.

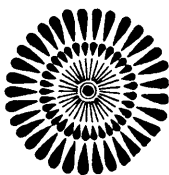

Graduates in medicine from recognized colleges outside the Dominion of Canada, who desire to qualify themselves for registration, must pass the matriculation required by the Council, and must attend one or more full winter courses of lectures in one of the Ontario medical schools (a) and must complete fully the practical and clinical curriculum required by the Council after the fourth year, and shall pass before the examiners appointed by the Council all the examinations hereinafter prescribed, so as to complete fully the curriculum.

British registered medical practitioners, on paying all fees and passing the Intermediate and Final examinations, shall be registered; provided, that they have been in active practice for five years after having been registered therein as practitioners. British registered medical practitioners who have not been in practice for five years will be registered on passing the professional examinations and paying all necessary fees.

Until a Homœopathic medical college for teaching purposes is established in Ontario, candidates wishing to be registered as Homœopaths shall pass the matriculation examination established by this Act as the preliminary examination for all students in medicine, and shall present evidence of having spent the full period of study required by the curriculum of the Council, under the supervision of a duly registered homœopathic practitioner.

Such candidates must also have complied with the full curriculum of studies prescribed from time to time by the Council for all medical students, but the full time of attendance upon lectures and hospitals required by the curriculum of the Council, may be spent in such homœopathic medical colleges in the United States or Europe as may be recognized by a majority of the homœopathic members of the Council; but in all homœopathic colleges where the winter course of lectures is only four months' duration, certified tickets of attendance on one such course shall be held to be equivalent to two-thirds of one six months' course, as required by the Council; and when such teaching body has been established in Ontario, it shall be optional for such candidates to pursue in part or in full the required curriculum in Ontario.

Examinations—Professional examinations are divided into three parts, primary, taken after the second session; intermediate and final. Fees: Registration of matriculation, \$20; primary examination, \$30; intermediate and final, \$50; registration of membership, \$25; registration of additional degrees, \$2; annual assessment, \$2.

IS "PAR EXCELLENCE"

The Medium for Medical Journal Advertisers

It is printed on 80-pound paper, is freely illustrated, and has, every month, from 72 to 80 pages of the brightest and most crisp medical news obtainable.

**The Subscription Price, Canada and the U. S., is only \$1.00 per annum,
Payable in Advance.**

Medical advertisers say that they would rather have a half-page advertisement in THE CANADIAN JOURNAL OF MEDICINE AND SURGERY, for twelve months, than a full page in all the other Canadian medical journals combined. Our advertisers are usually so well pleased with the results obtained that they always wish to double their space the second year. For sample copy, advertising rates, etc., ADDRESS

The postoffice address is shown in **DISPLAY TYPE**, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 131 to 172) indicates the college of graduation, and the last number the year in which diploma was granted.

RECTAL DISEASES.

PILES

One physician in every county should be instructed in the most successful Rectal treatment in the world. It insures great enlargement of practice through the unlimited gratitude of patients, and the most desirable financial advantages.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 131 to 172) indicates the college of graduation, and the last number the year in which diploma was granted.

MEDICAL LAWS.

SYNOPSIS OF REQUIREMENTS.

The Council of the Medical Society (i. e., medical profession) of Prince Edward Island is composed of seven members, elected by the registered members of the Society. Every applicant for registration must satisfy the Council: 1. That he has passed a preliminary or matriculation examination on the subjects specified in the by-laws of the Council and had his name registered in the Medical Students' Registry; any person holding the degree of B. A. from a university in the British dominions or a teacher's first-class certificate of the province is exempted. 2. That after such examination and registration he has studied medicine four years in a university or medical college of good standing. 3. That he has satisfactorily passed a professional examination before the Council—Journal of the American Medical Association.

Fees—The fee for registration in the Medical Registry is \$20; for the professional examination, \$25; for the matriculation examination, \$10, and for registration in the Medical Students' Register, \$2.

MEDICAL LAW.

SEC. 3—ADMISSION TO PRACTICE.

3976. No person shall practice medicine, surgery or midwifery in the Province, unless he has obtained a license from the Provincial Medical Board, which is hereby authorized to issue such license, unless he be registered in accordance with this section. 42-43 V., c. 37, s. 6; 45 V., c. 32, s. 3.

3977. Every person who obtains a medical degree or diploma in any university or college mentioned in Article 3972 is entitled to such license, without examination as to his medical knowledge and skill, provided that such diploma has only been given after four years of medical study from the date of admission to study, and according to the requirements of this section, and provided also that the Provincial Medical Board has power to grant the same privilege to holders of degrees or diplomas of medicine and surgery from other British, Colonial or French universities or colleges. 42-43 V., c. 37, s. 7.

3977a. The privileges above conferred upon the holders of degrees or diplomas from British colleges and universities are hereby extended to every person whose name is entered upon the Medical Register, under the Imperial Medical Act, 1886 (49-50 Victoria, Chapter 48), or of any act amending the same. (Added by 52 V., c. 39, s. 1.)

3978. No person shall be admitted as a student of medicine, surgery or midwifery, unless he has obtained a certificate of qualification from the Provincial Medical Board.

No one is entitled to the license of the College, on presentation of a diploma, unless he has been previously admitted to the study of medicine in accordance with the provisions of this section, or unless he has passed an equivalent preliminary examination before a college, school or board authorized by law to require and cause such preliminary examinations to be passed in His Britannic Majesty's other possessions. 42-43 V., c. 37, s. 8.

3979. At a regular meeting of the Board, after the expiration of the present triennial term, the Provincial Medical Board shall appoint, for three years (and similarly every third year), four persons actually engaged in the work of education in the Province of Quebec, to examine candidates for the study of medicine, surgery and midwifery, on the subjects of general education hereinafter mentioned, as belonging to the preliminary qualifications of medical students, viz.:

One examiner speaking the French language and one the English language, for the city of Montreal; and

One examiner speaking the French language and one the English language, for the city of Quebec.

The subjects for the preliminary qualifications to be English and French, Latin, geography, history, arithmetic, algebra, geometry, belles-lettres and one of the following subjects: Greek, natural or moral philosophy.

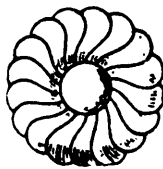

The candidate must present a certificate of good moral character. 42-43 V., c. 37, s. 9.

3980. Every candidate for a license to practice medicine, surgery and midwifery in this Province, desiring to be registered, and who has not obtained a degree or diploma in medicine, surgery and midwifery from any of the institutions mentioned in Article 3972, shall, before being entitled to such license, and the registration, pass an examination before the Board, as to his knowledge and skill, for the efficient practice of medicine, surgery and midwifery; and, upon passing the examination required, and proving to the satisfaction of the examiners that he has, in an institution for the teaching of medicine, in His Majesty's possessions, complied with the rules and regulations made by the Provincial Board, and on payment of such fees as the Board may, by general by-law, establish, such person shall be entitled to such license. 42-43 V. c. 37, s. 10.

3981. All persons coming from any recognized college outside of His Majesty's possessions, and who are desirous of obtaining a license from the College of Physicians and Surgeons of the Province of Quebec, must previously pass the preliminary examination before the examiners appointed by the Provincial Medical Board, or establish, to the satisfaction of the Board, that they have already passed an equivalent examination.

They must, moreover, follow in one of the schools of medicine in this Province, a complete course (for six months) of lectures, and such other course or courses as shall be necessary to complete the curriculum required by the Board; they shall also pass the professional examination before the Provincial Medical Board.

Such persons may pass their professional examination immediately after their preliminary examination. 42-43 V., c. 37, s. 11.

The postoffice address is shown in **DISPLAY TYPE**, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 131 to 172) indicates the college of graduation, and the last number the year in which diploma was granted.

Dear Doctor:-- What would you prescribe for my case? See page 14.

MEDICAL LAW.

SYNOPSIS OF REQUIREMENTS.

The Newfoundland Medical Board shall consist of seven members, of whom four shall be resident medical practitioners in St. Johns. Four members shall be a quorum for all purposes.

Every person shall be entitled to have his name registered on the Newfoundland Medical Register upon satisfying the Board that he holds a medical degree or diploma from some regular university or school of medicine, having a four years' course of study, and that he has, prior to obtaining such degree, passed a preliminary or matriculation examination satisfactory to the Board, and upon paying to the Registrar the fee prescribed by the Board.

The Board may, after examination, grant to any person, not otherwise qualified or entitled to registration under this Act, a license to practice medicine, surgery or midwifery for a limited period in specified localities. The names of such licensees, together with the period for and the locality in which they may practice, shall be entered in the register and published as hereinbefore provided in the case of registered medical practitioners. Such licensee shall pay the fee prescribed by the Board, and shall thereupon be entitled to demand and recover in any court reasonable charges for aid and advice, together with the cost of any medicine or other medical or surgical appliances supplied by him during the period and within the limits of his license.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 131 to 172) indicates the college of graduation, and the last number the year in which diploma was granted.

From the Journal of the American Medical Association, Chicago, Ill.:

"The present volume is the latest addition to the literature in this country on this subject, and is a very worthy one."

Introduction to the Study of Medicine.

By G. H. ROGER, Professor Extraordinary in the Faculty of Medicine of Paris; Member of the Biological Society, and Physician to the Hospital of Porte-D'Aubervilliers. Authorized Translation by M. S. Gabriel, M. D., with Additions by the Author. 8vo, 545 pages. Index. Cloth, \$5.00.

From the Buffalo Medical Journal, Buffalo, N. Y.:

"It is difficult to classify this work, because it is so unique as to be *sui generis*. It is, in the main, a book that may be read with better understanding by the advanced student, but may justly be considered a contribution to high-class medical literature."

Cancer of the Uterus.

Its Pathology, Symptomatology, Diagnosis, and Treatment. Also, the Pathology of Diseases of the Endometrium. By THOMAS STEPHEN CULLEN, Associate Professor of Gynecology in the Johns Hopkins University. Illustrated by Max Brodel and Hermann Becker. Complete in one royal octavo volume of about 700 pages. Twelve Colored Plates, and 300 Illustrations in the Text. 8vo. Cloth, \$7.50; half morocco, \$8.50.

"This book is naturally expected to appeal to the wants of the general practitioner, who frequently comes in contact with numerous cases of this dread malady, for the disease in its incipency is carefully depicted and any suspicious sign noted."

A Text-Book of Gynecology.

Edited by CHARLES A. L. REED, A. M., M. D., Gynecologist and Lecturer on Diseases of Women at the Cincinnati Hospital; President of the American Medical Association (1900-1901); Fellow of the American Association of Obstetricians and Gynecologists; Fellow of the British Gynecological Society; Corresponding Member of the National Academy of Medicine of Peru, etc. Illustrated with about 400 Original Drawings by Roy J. Hopkins. 8vo, 1000 pages. Cloth, \$5.00.

From the Therapeutic Gazette, Detroit, Mich.:

"The book can be heartily commended as modern, accurate, and adequate."

From the Maritime Medical News, Halifax, N. S.:

"It is a book that will be relished alike by practitioner and student. From cover to cover it holds one's interest, and when closed the only regret is that there is not more of it."

Operative Surgery. Third Revised Edition.

By JOSEPH D. BRYANT, M. D., Professor of the Principles and Practice of Surgery, Operative and Clinical Surgery in the University and Bellevue Medical College; Consulting Surgeon to the Hospital for Ruptured and Crippled; Visiting Surgeon to Bellevue and St. Vincent's Hospitals, etc. With 1,500 Illustrations, 100 of which are in Color. 2 vols., 8vo, over 1,300 pages. Cloth, \$5.00 each volume.

From the Medical Record:

"The publication of this volume completes one of the best works on operative surgery in existence, and we therefore greet it with pleasure. The title recites the contents of the volume, in which we find much of what is most important in surgery."

Diseases of the Intestines.

By DR. I. BOAS, Specialist for Gastro-Intestinal Diseases in Berlin. Authorized Translation from the first German edition, with Special Additions, by Seymour Basch, M. D. 47 Illustrations. 8vo, 560 pages. Cloth, \$5.00.

From the Medical Record:

"In this volume we find the most recent ideas concerning the diseases of the intestines commonly met in general practice, and treated by a master hand. * * * We know of no book on the subject which will be of greater aid to the practitioner."

The Diagnostics of Internal Medicine.

By GLENTWORTH REEVE BUTLER, A. M., M. D., Chief of the Second Medical Division, Methodist Episcopal Hospital; Attending Physician to the Brooklyn Hospital; Consulting Physician to the Bushwick Central Hospital; formerly Associate Physician, Departments of Diseases of the Chest and Diseases of Children, St. Mary's Hospital, Brooklyn, N. Y.; Fellow of the New York Academy of Medicine; Member of the Medical Society of the County of Kings, etc. 224 Illustrations. 8vo, 1,061 pages. Cloth, \$6.00.

From the Journal of Medicine and Science:

"This is a valuable book upon an important subject. The general plan of the work, the arrangement of subjects, the colored plates, the illustrations and diagrams, are alike excellent."

A Text-Book of Medicine.

For Students and Practitioners.

By DR. ADOLF STRUMPELL. Third Revised American Edition. Translated by Permission and thoroughly Revised, from the Thirteenth Revised and Enlarged German Edition, by HERMAN F. VICKERY, A. B., M. D., and PHILLIP COOMBS KNAPP, A. M., M. D. With Editorial Notes by FREDERICK C. SHATTUCK, A. M., M. D. With 185 Illustrations in the Text, and one Plate. 1,242 pages. Cloth, \$6.00.

From the Quarterly Journal of Inebriety:

"The illustrations are praiseworthy, and the text is unusually satisfactory in the breadth and scope. We commend it most heartily as one of the most practical works of the year, and a necessary addition to the library of every physician."

A Practical Treatise on Diseases of the Skin.

By JOHN V. SHOEMAKER, M. D., LL. D. Fourth Revised Edition. Professor of Dermatology in the Medico-Chirurgical College of Philadelphia. Fourth edition, revised and enlarged. With 8 Chromolithographs and numerous Engravings. 8vo, 894 pages. Cloth, \$5.00.

From the Therapeutic Gazette:

"Those who desire a complete and exhaustive work on dermatology will find such a one in this."

From Medicine:

"The work forms an extensive treatise on diseases of the skin. It contains 892 pages, nearly 100 of which are devoted to a formulary containing prescriptions arranged in reference to the use of certain drugs, and also those that are classified according to the skin diseases in which they are useful. The prescriptions are all written in English and the equivalents in the metric and apothecaries' weight are given. A number of new colored plates have been added to this edition."

The Principles and Practice of Medicine.

"Designed for the Use of Practitioners and Students of Medicine. By WILLIAM OSLER, M. D., Fellow of the Royal College of Physicians, London; Professor of Medicine in the Johns Hopkins University and Physician in Chief to the Johns Hopkins Hospital, Baltimore; formerly Professor of the Institutes of Medicine, McGill University, Montreal; and Professor of Clinical Medicine in the University of Pennsylvania, Philadelphia. *Fourth edition*, revised, re-written, re-set, enlarged, and brought up to date in all departments. 8vo. Cloth, \$5.50.

From the Journal of Medicine and Science:

"Many additions have been made to the work in this edition, some of the articles have been entirely re-written, to make them accord with advances recently made; new chapters have been added; and the whole work has received that careful revision which has insured the book being fully abreast of our present knowledge, and has made it one of the best books extant upon the important subject of the practice of medicine."

A Text-Book of General Surgery.

By Dr. HERMANN TILLMANN, Professor in the University of Leipsic. Vol. 1. The Principles of Surgery and Surgical Pathology. 800 pages. *A new edition now ready.* Vols. II and III. Regional Surgery. 833 and 929 pages. Translated by John Rogers, M. D., and Benjamin T. Tilton, M. D. Edited by Lewis A. Stimson, M. D., Professor of Surgery in the New York University. With many Illustrations. 8vo. Cloth, \$5.00 each volume.

From the Medical Standard:

"Upon its appearance in this country this book at once took first rank and has been widely adopted as a text-book. Its popularity is well-deserved.

Perhaps there is no other work which so clearly describes the principles underlying surgical treatment."

Surgical Diagnosis.

By EDUARD ALBERT, M. D., Late Professor of Surgery at the University of Vienna. Translated by Robert T. Frank, M. D., New York City. 8vo. Cloth, \$5.00.

In marked contrast to the numerous books on Medical subjects, works on Surgical Diagnosis are comparatively few. The importance of confirming or determining a surgical problem is of great advantage to the student and practitioner.

Diseases of the Anus, Rectum and Pelvic Colon.

By JAMES P. TUTTLE, A. M., M. D., Professor of Rectal Surgery, Polyclinic College and Hospital, New York; Visiting Surgeon to the Almshouse and Workhouse Hospitals; Fellow of New York Academy of Medicine; Fellow of Chicago Academy of Medicine, etc. With eight Colored Plates and 300 Illustrations in the text. 8vo. Cloth, \$5.00.

Practical Dietetics.

New (1902) Revised Edition.

With Special Reference to Diet in Disease. By W. GILMAN THOMPSON, M. D., Professor of Medicine in the Cornell University Medical College of the City of New York; Visiting Physician to the Presbyterian and Bellevue Hospitals, New York. Illustrated. Large 8vo, 800 pages. Cloth, \$5.00.

The subject is one which does not receive proper attention either in medical colleges or in the standard works upon the theory and practice of medicine; the directions given in the latter being of a very general and vague character, and in the former it is dismissed in one or two lectures. In hospitals and in the training of nurses too little attention is paid to the subject, while in works on food and dietetics the practical application of dietetics to disease receives but slight notice. This work is intended to remedy these shortcomings, and to furnish to the practitioner a text-book containing instructions as to the appropriate diet in diseases which are influenced by right feeding.

This College is a member of the "Association of American Medical Colleges." Four regular courses are required prior to graduation. The Preliminary Fall Course begins September 1st; the Regular Winter Course begins October 1st; and the Spring Course April 1st.

Thorough Laboratory work is required in Biology, Comparative Anatomy, Human Anatomy, Chemistry, Histology, Physiology, Embryology, Bacteriology, Pathology, Clinical Pathology, and Operative Surgery.

Practical Hospital and Dispensary work is required during the third and fourth years. The wards of the Maryland General Hospital are filled with patients suffering from nearly every form of disease and injury, furnishing a large Clinic for Medical and Surgical cases. Our Maryland Lying-in Hospital, immediately adjacent, presents excellent advantages for the study of practical Obstetrics.

There is abundant clinical work in Obstetrics, Gynaecology, Medicine, Surgery, Eye and Ear, Nose, Throat and Chest, Diseases of Children, Nervous and Mental Diseases, etc. The Baltimore Medical College Dispensary furnishes an out-door Clinic of 25,000 patients annually. Our College Buildings are spacious, comfortable, and among the most completely equipped in the United States, and are located on Madison street, corner of Linden avenue, on Linden avenue, and on Howard street. They contain a large Lecture Hall, a Clinical Amphitheatre, an Anatomical Amphitheatre, and Laboratories of Anatomy, Biology, Histology, Physiology, Chemistry, Pathology, Bacteriology, etc., all of which are thoroughly equipped.

Terms reasonable. For further particulars send for Catalogue, and address

GRAND TRUNK RAILWAY SYSTEM.

FOR NIAGARA FALLS, BUFFALO, NEW YORK, PHILADELPHIA, BOSTON AND NEW ENGLAND.

New York Homœopathic Medical College and Hospital

**Corner 63d Street and Eastern Boulevard,
NEW YORK CITY.**

Session Begins in October.

_____ Closes in May.

THE four years course of instruction is carefully graded, beginning with laboratory work and didactic teaching in Chemistry, Anatomy, Physiology and Histology. In these branches the students are provided with chemical apparatus, reagents, subjects for dissection, microscopes, and all instruments and material requisite for a thorough knowledge of the various subjects taught. The seniors are carefully instructed in General and Special Pathology, Diagnostics and Therapeutics, as applied to all forms of disease. Clinical instruction constantly supplements the lectures, material being supplied from the out patient department of the Flower Hospital, attached to the College, and from other institutions with which the members of the faculty are connected. Bedside instruction is given in the Diseases of Children and Obstetrics. Operations in General Surgery and in Gynæcology at the Flower Hospital, adjoining the College, the Metropolitan Hospital, and the Laura Franklin Hospital for Children, will illustrate fully the methods of practical operative art, while the new Medical Hospital, the Ophthalmic Hospital, and the enormous material in the Metropolitan Hospital will provide bedside instruction in medical diagnosis and therapeutics.

Course of Instruction and Facilities.

Four years of graded instruction are required of candidates presenting themselves for the degree of M. D. The instruction consists in didactic lectures, amply supplemented by clinical teaching at the bedside and in the laboratories and dispensaries.

In addition to the members of the Faculty named above, there is a large corps of experienced instructors who assist the professors in practical work in the laboratories or in bedside work at the hospitals and dispensaries. Every candidate for the degree is personally taught, by dividing the class into small sections, in Clinical Medicine and Physical Diagnosis, Obstetrics and Gynecology, Major and Minor Surgery and Bandaging, Orthopedic Surgery, Diseases of Children, Ophthalmology, Neurology, Otology, Dermatology, Laryngology, and Genito-Urinary Diseases. Ample clinical material is afforded by the Jefferson College Hospital, in which no less than 300 patients are treated daily, and by the Philadelphia and other Hospitals.

Laboratory instruction is given in Medical Chemistry, Pharmacy, Physiology, Clinical Microscopy, Anatomy, and Histology, and in Operative Obstetrics, Surgery, Pathology and Hygiene.

Daily instruction in the practical branches is given in the Hospital of the College, is a special feature of the course in the second and third years, and is without extra charge.

Special Laboratory instruction is given to graduates of medicine in Bacteriology and Pathology.

The Annual Announcement, giving full particulars, will be sent on application to

HAHNEMANN MEDICAL COLLEGE AND HOSPITAL

Chartered 1848.

Broad Street above Race,
PHILADELPHIA.

Medical Students, in selecting their Alma Mater, should

REMEMBER :

1st. That the Hahnemann Medical College of Philadelphia is the oldest Homœopathic Medical College in the world, and her alumni, 2552 in number, are found in every State in the Union and in the Faculty of every Homœopathic Medical College in the country.

2d. That its College and Hospital buildings are new and modern in construction and complete in every detail.

3d. That they are located in the heart of the city, within two squares of the City Hall, and convenient to all places of interest and public resort.

4th. That it has a museum of Anatomical and Pathological specimens scarcely excelled in size and variety in this country.

5th. That it has a library of 15,000 volumes to which students have free access.

6th. That its Laboratories—Anatomical, Physiological, Histological, Chemical, etc., etc.—are fully equipped in every detail.

7th. That it has a corps of experienced Professors, Lecturers and Demonstrators, 48 in number.

8th. That its teachings are broad and liberal, embracing everything essential to a thoroughly educated modern physician.

9th. That it has a large Hospital in which about 35000 patients are treated annually, and that senior students have six months experience in the several departments of its Dispensary, in which they examine, diagnose and treat hundreds of cases, embracing all classes of disease and accident, under the direction of the Professors and Instructors.

10th. That in the Obstetrical Department every senior student is drilled in the use of Obstetrical instruments, performs all the operations, and attends cases of confinement.

11th. That it requires a good preliminary education and a four years course of lectures.

12th. That Philadelphia is renowned as the medical center of the country; is a delightful place of residence, and offers a home for the student full of attractions and interesting historical associations.

13th. That announcements may be had by addressing PEMBERTON DUDLEY, M.D., Dean, or CHARLES MOHR, M.D., Registrar, Hahnemann Medical College, Philadelphia, Pa.

MISSOURI PACIFIC R'Y. **Best** ROUTE FROM ST. LOUIS to all Points West and Southwest.

Cornell University Medical College,

NEW YORK CITY.

The regular session begins the first week in October and will continue about eight months. The course of instruction covers four years. Students who present credentials from other accredited medical colleges of full courses of study will be admitted to advanced standing after passing examinations on those subjects, the study of which has been completed in the previous years.

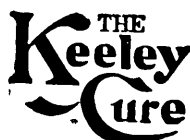

The Essential Features of the Curriculum are:

1. Recitations in sections throughout all years and on the principal branches. 2. Thorough Laboratory instruction. 3. Clinical and bedside section teaching and clinical ward work, with the Professors and Clinical Professors, in small groups in Bellevue, New York, Presbyterian, and other city hospitals. 4. Special branches taught clinically to small groups in hospitals and dispensaries.

The full Four-Year Course of the Cornell University Medical College is given in the City of New York, but the first half of it—the work of the first and second years—is also given at Ithaca, where it may be taken by women students (for whom a home is provided in the Sage College for Women). Both men and women students must take the last two years of the course in New York City. All applicants for admission must present in their preliminary education the subjects of Algebra (through quadratic equations) Plane Geometry, Elementary United States History, a thorough knowledge of the English language, Latin, including the first four books of Caesar's Commentaries or its equivalent or elementary Latin and elementary German, French or Spanish. The College holds no entrance examinations, therefore the above subjects must be included in the Regents' Medical Student's Certificate required by law in this State. The circular giving full details will be sent on application.

RUSH MEDICAL COLLEGE

... IN AFFILIATION WITH ...

THE UNIVERSITY OF CHICAGO

Under the arrangement of affiliation with the University of Chicago, the instruction of the first two years of the medical course is now given wholly at the University in the spacious Hull Biological Laboratories—four buildings—and the Kent Chemical Laboratory. The students during these two years are members of the University student body as well as of Rush Medical College, and are entitled to all of the privileges of University students. The work of the last two, or clinical years, is given at Rush Medical College, in three commodious buildings, and also in the wards of the Presbyterian Hospital, which adjoins the college. Clinical instruction is also offered in the Cook County Hospital—1000 beds—in the immediate vicinity of the college, the Chicago Eye and Ear Infirmary, the West Side Hebrew Dispensary, St. Luke's Hospital, and other institutions in the city, full credit being given for such extra-mural work.

The requirements for admission to the medical course are equivalent to a four years' high school course of the best grade, and after July 1st, 1902, one year of college work will be required in addition thereto. Instruction is given continuously throughout the academic year, which is divided into quarters known respectively as the Autumn, Winter, Spring and Summer quarters and beginning respectively October 1st, January 1st, April 1st and June 20th. A recess of one week intervenes between the Autumn and Winter, and Winter and Spring quarters, and one month between the Summer and Autumn quarters.

The general course of instruction in Rush Medical College requires four years of study in residence, with a minimum of attendance upon three Quarters of each year. These years are designated as the Freshman, Sophomore, Junior, and Senior years, respectively.

A student may begin his College work on the first day of any Quarter, and may continue in residence for as many successive Quarters as he desires. Credit will not be allowed, however, for more than three successive Quarters.

Manual training in all departments of medicine is a special feature of the instruction of this College. Systematic recitation and conference courses, conducted in five commodious recitation rooms, are regarded as a most important means of teaching.

With over 160 professors and instructors and with ample room and appliances, this school is able to furnish its classes with the most approved systematic education in medicine.

Physicians and medical students are invited to visit the laboratories and to inspect the educational appliances of this school.

NORTHWESTERN UNIVERSITY MEDICAL SCHOOL

(CHICAGO MEDICAL COLLEGE.)

DR. N. S. DAVIS, Jr., Dean.

THIS Medical School was the pioneer in insisting upon the following points in medical education: The enforcement of a standard of preliminary education, the adoption of longer annual courses, grading of the curriculum.

The regular course now includes four years of eight months each.

The buildings now occupied by the school were erected in 1893. One is a model laboratory building; the other an admirably arranged out-patient hospital.

The equipment of the laboratories is very complete. The professors of chemistry and physiology are practical men and very successful teachers. They devote their entire time to the college. The pathological department is especially well equipped. The courses are most thorough and practical.

The curriculum is arranged in four entirely separate and distinct consecutive annual courses. Instruction is by didactic and clinical lectures, recitations, demonstrations and laboratory and clinical exercises.

The clinical material is unusually large and varied. It is drawn from the South Side dispensary, located in the College Building, and Mercy, St. Luke's, and Wesley Hospitals. Over 24,000 cases were treated in the dispensary last year. Clinical instruction is graded, the simplest specialties being taught first. Clinics are so numerous that each individual student is able to examine patients thoroughly. The seniors make ward visits in divided classes and thus keep track of all the hospital patients. Students in the first year will attend some clinics; those of the other three years comprise the clinical class, and are divided into two divisions—hospital and dispensary. The hospital division is subdivided, one section attending Mercy Hospital and the "College Clinics," the other attending St. Luke's Hospital and the "College Clinics." In the dispensary, the patients are assigned to its several departments, medical, surgical, et al., and small groups of students are assigned for daily work in these departments, the assignments so arranged that each group works five consecutive weeks in each department, and in the course of the year in all departments. The "College Clinics" are conducted by the professors of the several departments, and fourteen are given each week. Dispensary and college clinic hours are from 10 to 12 A. M., and 2 to 4 P. M.

FEES: A matriculation fee of five dollars is paid once. Annual fee is one hundred and thirty-five dollars. A deposit of ten dollars is required to cover breakage: If none occurs this fee is returned.

Candidates for admission must present a degree in arts, literature, philosophy, or science from a recognized college or scientific school, with the exception of such persons, of suitable age and attainments, as may be admitted by special vote of the Faculty, taken in each case. All candidates, whether presenting a degree or not, are required to satisfy the Faculty that they have had a course in theoretical and descriptive (inorganic) chemistry and qualitative analysis, sufficient to fit them to pursue the courses in chemistry given at the Medical School. Students who began their professional studies elsewhere may be admitted to advanced standing; but all persons who apply for admission to the advanced classes must pass an examination in the branches already pursued by the class to which they seek admission.

The course of study required in this School for the degree of M. D. is of four years' duration. This requirement was established at the beginning of the year 1892-93.

The year begins September, 1902, and ends on the last Wednesday in June, 1903. Instruction is given by lectures, recitations, clinical teaching and practical exercises distributed throughout the academic year. In the subjects of Anatomy, Histology, Physiology, Chemistry, and Pathology, laboratory work forms a large part of the method of instruction.

ORDER OF STUDIES:

First Year.—First Term. Anatomy and Histology. Second Term. Physiology and Physiological Chemistry.

Second Year.—First Term. Bacteriology and Pathology. Second Term. Anatomy, Clinical Chemistry, Materia Medica and Therapeutics, Theory and Practice, Clinical Medicine, Surgery and Clinical Surgery.

Third Year.—Theory and Practice, Clinical Medicine, Surgery, Clinical Surgery, Obstetrics, Pediatrics, Dermatology, Neurology, Gynaecology, and Mental Diseases.

Fourth Year.—Required Studies: Clinical Medicine, Clinical Surgery, Ophthalmology, Otolaryngology, Orthopaedics, Legal Medicine, Syphilis, and Hygiene. Elective Studies: Ophthalmology, Otolaryngology, Orthopaedics, Gynaecology, Dermatology, Neurology, Bacteriology, Physiology, Physiological and Clinical Chemistry, Hygiene, Operative Surgery, Operative Obstetrics, Anatomy, Embryology, Clinical Microscopy.

For information in regard to Requirements for a Degree, Fees, or for a Catalogue, address DR. WM. L. RICHARDSON, Dean, Harvard Medical School, 638 Boylston Street, Boston, Mass.

GEORGE M. HOBBS, A. M., M. D., President.

CHARLES H. COBB, M. D., Dean.

J. H. JACKSON, A. M., M. D., Registrar.

Matriculation examination requirements are in accordance with those of the Association of American Medical Colleges. Special courses in Latin, Algebra and Physics are provided by the College for such students as are conditioned.

PLAN OF INSTRUCTION.

The plan of instruction comprises a four years' graded course, consisting of didactic and clinical lectures, conferences, laboratory practice, etc., upon the essential branches of the Science of Medicine. In addition to the lectures, there are recitations, clinical teaching and practical work in the laboratory and the dissecting room.

REQUIREMENTS FOR GRADUATION.

Candidates must be at least 21 years of age. They must have attended four annual courses of lectures of not less than six months' duration each in different years at this College; or have attended three such courses at some other recognized medical college or colleges and one at this; or, having attended two such courses at some other recognized medical college or colleges and two at this; or have attended one such course at some other recognized medical college and three at this; or, having been admitted to advanced standing in this College, by having pursued a prescribed course or courses of study in other recognized colleges and universities, as set forth by the Association of American Medical Colleges, shall be required to have attended at this College only such courses of lectures as are necessary to complete the curriculum of four annual courses of lectures. Candidates must have dissected all parts of the cadaver. They must have attended six cases of obstetrics.

The Twenty-third Regular session will commence on the **THIRD WEDNESDAY IN SEPTEMBER, 1902**, and continue until the third Wednesday in June, 1903. For catalogues or other information, address

GRAND TRUNK RAILWAY SYSTEM.

FOR NIAGARA FALLS, BUFFALO, NEW YORK, PHILADELPHIA, BOSTON AND NEW ENGLAND.

MEDICAL COLLEGE

OF

Western Reserve University

CLEVELAND, OHIO.

This College was established in 1843, and has maintained annual sessions since that time.

The Course of Study is of eight months' duration annually, and requires four years for the Medical Degree. Theoretical and applied branches are arranged with reference to their bearing upon and preparation for each other, and effect of the whole course.

Instruction is given by lectures, recitations, quizzes, laboratory work, clinical demonstrations and practical dispensary and bedside work.

It is an endowed school, which enables its teachers to devote their entire time to teaching and original research work in the departments of Anatomy, Chemistry, Physiology, Histology, Bacteriology, Pathology, Pharmacology, the laboratory of Clinical Microscopy and Clinical Medicine and Surgery. Work is required of every student in the laboratories of these departments.

The clinical opportunities consist in the use of the material of Lakeside and Charity Hospitals, the Maternity, Children's Home and Dispensary at Charity Hospital, and the Dispensary of the Western Reserve University and Lakeside Hospital throughout the year, and of the City Hospital to January 1st of each year. The Student has access to all these institutions, and work in all of them is required.

There are opportunities for graduates to become Resident Physicians or Surgeons in some of the various hospitals. Of the class of twenty-five men graduating in 1901, twenty received hospital appointments.

Courses taken in other Medical Colleges are credited to the extent they conform to the requirements of this College.

The requirements for admission to the first year are the completion of the Junior year in a recognized literary college.

The College Year begins on the first of October and closes at the Commencement of the University in June.

For Information, Catalogues, Etc., apply to the Dean or Registrar, College Buildings, Cor. Erie and St. Clair Streets, Cleveland, Ohio.

Eighteenth Annual Lecture Course Begins October 22nd, 1902

LECTURES IN DENTAL DEPARTMENT BEGIN AT THE SAME TIME

INSTRUCTION consists of graded courses through four terms of eight months each, October to June, of Clinical and Didactic lectures, and recitations, with practical work in laboratories and dispensary, treatment of out-patients, careful training in performance of Surgical operations under direction of clinical and hospital staff.

THE COLLEGE DISPENSARY furnishes over six thousand cases annually in every department of surgery and medicine.

THE COUNTY HOSPITAL has 180 beds, and yields all the clinical material which can be utilized.

THE CHEMICAL AND ANATOMICAL LABORATORIES AND THE SURGICAL AND GYNÆCOLOGICAL OPERATING ROOMS are equipped with all the best modern appliances.

THE HISTOLOGICAL, PATHOLOGICAL, BACTERIOLOGICAL AND PHYSIOLOGICAL LABORATORIES are located in the new Hendryx Laboratory Building, and are perfectly equipped.

REQUIREMENTS FOR ADMISSION.—The student must pass a matriculation examination unless he is a graduate of some University, College, High School or Academy. Students who come from any recognized Medical College will be allowed the corresponding time on credentials, or passing examination, as the Faculty may decide.

THE COLLEGE OF DENTISTRY begins its Sixth Session Oct. 22, 1902, with a full corps of Professors, Lecturers and Demonstrators. A new building, containing Dental, Microscopical, and Bacteriological Laboratories, will be completed by the opening of the term. Requirements for entering, same as for Medical Department.

For further particulars address the Secretary.

COLLEGE OF MEDICINE

MEDICAL DEPARTMENT OF

Syracuse University

HISTORY.—The famous Fairfield (N.Y.) Medical School was organized in 1812. In 1841 part of its faculty went to the Geneva Medical School and the other part to Albany. The fame of the Geneva School was soon well established; of the learning and eloquence of her lecturers the graduates always speak with enthusiasm. In 1872 the Geneva School became the Medical Department of Syracuse University. With advancement in Medical Education the Syracuse School has supplemented its lecture courses by recitations and practical work in laboratories and hospital wards, and has arranged all as a four years' graded curriculum—steadily keeping its standard of admission and scholarship in advance of the legal requirements of the State.

NEW BUILDING.—The new college building, with its attractive lecture rooms, numerous spacious and well-equipped laboratories, a library recently supplemented by the gift from Dr. Stephen Smith, of New York, of his large and private collection, an ample cold storage plant for the preservation of anatomical material (a separate building for animals used in the physiological and bacteriological laboratories), two large study rooms for men and women respectively, modern lavatories, individual students' lockers, photographic dark rooms and an electric plant for running ventilating fans, elevator, physiological laboratory apparatus and supplying incandescent lighting (especially important in the dissecting room), and arc lights for lantern, microscopic projection and photo-micrography, is one of the better appointed medical schools of the United States.

COLLEGE LIBRARY.—A rapidly growing medical library of more than 5,000 bound volumes, and a large number of the more important current medical periodicals, is accessible to students of the college.

HOSPITALS AND DISPENSARY.—Two large general hospitals, a children's hospital, a large county orphan asylum, an extensive state institution for feeble-minded children and a city free dispensary, are at the service of the faculty and are all utilized for purposes of clinical instruction.

FACULTY.—In the faculty are enthusiastic, progressive teachers who strive to advance medical education by accepting as students only well prepared men and women, and insisting upon undergraduates continuing capable and doing steadily step by step the prescribed work of the curriculum. The work is so graded, however, that willing and industrious students of average ability experience little difficulty in meeting these demands.

UNIVERSITY ATHLETICS.—An excellent gymnasium, with tub, shower and plunge baths for both men and women; a first-class athletic field with a quarter-mile cinder track and a grand stand, are at the service of all university students. Fee, \$6.00 annually.

COLLEGE FEES.—The annual fee is \$125.00, paying in full for didactic lectures, recitations, the course in practical anatomy with necessary material, all the various laboratory courses with necessary material and the use of microscopes and other apparatus, the use of the library, bone loan collection, museums, reading rooms and lockers, clinical lectures and training in the hospitals and dispensary, all examinations and graduation. The annual matriculation or registration fee of \$5.00 is the only other charge.

ROOMS AND BOARD.—Good rooms for one student can be had in Syracuse for from \$6.00 upwards per month, and the same rooms occupied by two students for from \$8.00 upwards per month. By clubbing together in clubs of from six to twelve students, good board can be had for \$2.00 a week per student.

Physio=Medical College of Indiana

Session of 1902-1903 begins September 19th, 1902, and
closes March 20th, 1903.

A Four Years' Graded Course of Twenty-six Weeks Each Year.

REQUIREMENTS FOR ADMISSION.

Applicants may enter this College by complying with the following conditions:

1. A certificate of good moral character, signed by two physicians of good standing in the State from which he comes, must be presented by the applicant.
2. The presentation of a diploma or certificate of graduation from a literary or scientific college or high school; evidence of having passed the matriculation examination to a literary or scientific college, or a certificate of successful equivalent examination by the faculty of any reputable university or college, or by the State Superintendent of Public Instruction; or a medical student's certificate issued by any State Examining Board.

ADVANTAGES.

1. Well established and recognized for twenty-six years.
2. Competent and progressive faculty.
3. Thoroughly equipped and Modern Chemical and Bacteriological Laboratories.
4. Hospital Advantages are excellent, and the Dispensary, which is run in connection with the College, furnishes abundant material for Clinical Teaching, which is a prominent feature in the course of instruction.
5. The work is so graded that one year will be devoted to the consideration of the Principles of Sanative Medication. Then, three years will be given to the practical application of those principles, during which time it will be demonstrated that disease can be more successfully treated without, than with poisons.

For announcements and other business pertaining to the College, address the Secretary of the Faculty,

R. L. POLK & CO., DETROIT and CHICAGO.

NEW YORK POLYCLINIC

MEDICAL SCHOOL and HOSPITAL.

Chartered by the University of the State of New York. The Oldest Post-Graduate School in America.

Organized in 1881. Opened in 1882.

THE NEW YORK POLYCLINIC is a school for teaching graduates the most recent methods of diagnosis and treatment in every department of medicine. The clinical material is abundant, and the Hospital wards adjoin the lecture rooms. Since the fire of 1896 a new building has been erected and thoroughly equipped, and the institution is now prepared to offer better facilities than ever. Students may enter at any time.

The school maintains a dispensary in its own building, where in the presence of the matriculants from one hundred and fifty to two hundred patients are treated daily. The members will be brought into personal contact with the patients, where the clinical features of each case may be minutely and leisurely studied. The Hospital has eighty beds for surgical patients, and all the operations are done before the class, and opportunities given to witness the after-treatment.

Clifton Springs Sanitarium

MRS. MARY E. FOSTER, Superintendent.

The Clifton Springs Sanitarium

IS beautifully situated in the village of Clifton Springs, Ontario Co., N. Y., one of the most healthful locations in the State, half way between the cities of Rochester and Syracuse, and is reached by the New York Central and the Lehigh Valley Railroads.

The fresh water springs which supply the Sanitarium are pure and abundant, while the sulphur springs are classed with the leading remedial springs of the world.

The medical staff is composed of eleven physicians, nine men and two women, all graduates of regular medical colleges, and members of the various medical societies and associations to which physicians are eligible.

The medical department, besides employing the ordinary appliances and remedies, has the advantage of many modes of treatment, which can be carried out only at a thoroughly equipped sanitarium.

The surgical department, besides having the most modern equipment, can employ, to the advantage of its patients, any or all of the regular sanitarium treatments, as the necessities of the case may require. The benefit derived from taking a course of treatment preparatory to a surgical operation cannot be overestimated and convalescence is always hastened by a judicious employment of these advantages. A floor in the Annex has been set aside for this department, where will be found instruments, cabinets, tables, apparatus for sterilization and disinfection, and dressing appliances suitable for all kinds of operations.

Fire proof buildings, heated by steam and open fires. Elevators, electric bells, electric and gas lights, and all modern improvements. Main piazza inclosed in glass in winter, warmed by steam and lighted by electricity. Rooms en suite, double, single, or with private bath and toilet. The facilities for treatment in the winter are equal to those of the summer months, even for the most delicate patients.

No expense is spared to make the facilities for medical treatment, rest and recreation the best.

THE BEST ANTISEPTIC

FOR BOTH INTERNAL AND EXTERNAL USE

LISTERINE

NON-TOXIC, NON-IRRITANT, NON-ESCHAROTIC — ABSOLUTELY SAFE, AGREEABLE AND CONVENIENT.

LISTERINE is a well-proven antiseptic agent — an antizymotic — especially useful in the management of catarrhal conditions of the mucous membrane, adapted to internal use, and to make and maintain surgically clean — aseptic — all parts of the human body, whether by spray, injection, irrigation, atomization, inhalation, or simple local application. Listerine is characterized by its particular adaptability to the field of

PREVENTIVE MEDICINE — INDIVIDUAL PROPHYLAXIS.

LISTERINE promptly destroys all odors emanating from diseased gums and teeth, and will be found of great value when taken internally, in teaspoonful doses, to control the fermentative eructations of dyspepsia, and to disinfect the mouth, throat and stomach. It is a perfect tooth and mouth wash,
INDISPENSABLE FOR THE DENTAL TOILET.

FOR DISEASES OF THE URIC ACID DIATHESIS.

LAMBERT'S

LITHIATED HYDRANGEA

RENAL ALTERNATIVE — ANTILITHIC.

Close clinical observation has caused LAMBERT'S LITHIATED HYDRANGEA to be regarded by physicians generally as a very valuable Kidney Alternative and Antilithic agent in the treatment of

Urinary Calculus, Gout, Rheumatism, Cystitis, Diabetes, Hæmaturia, Bright's Disease, Albuminuria and vesical irritations generally.

Realizing that in many of the diseases in which LAMBERT'S LITHIATED HYDRANGEA has been found to possess great therapeutic value, it is of the highest importance that suitable diet be employed, we have had prepared for the convenience of physicians,

DIETETIC NOTES,

suggesting the articles of food to be allowed or prohibited in several of these diseases. A book of these Dietetic Notes, each note perforated and convenient for the physician to detach and distribute to patients, supplied upon request, together with literature fully descriptive of LISTERINE AND LAMBERT'S LITHIATED HYDRANGEA.

LAMBERT PHARMACAL CO.,

ST. LOUIS, MO., U. S. A.

Listerine is kept in stock by the leading dealers in Drugs and Medicines throughout the world.

The Lakeside Hospital.

(INCORPORATED 1884.)

THE OLDEST PRIVATE HOSPITAL IN CHICAGO.

The wards are especially desirable and attractive, and are provided with bath and toilet rooms.

The private rooms are furnished with every convenience and comfort consistent with perfect sanitation, a number being provided with private bath and lavatory.

The Sterilizing Room is provided with some original features to which your attention is invited. Here is found every appliance for the sterilization of instruments, ligatures and dressings. In this room the entire water supply for the operating rooms and surgeons' preparation room is first filtered, then sterilized.

The Surgeons' Preparation Room, besides the usual apparatus for preparatory work, is provided with a very modern shower bath.

The Operating Rooms are furnished with every modern appliance, with a graduate nurse in constant attendance. The appointments of these rooms are second to none in the city.

Boekel's Nebulizer

WITH PATENTED
SPRAY TUBE.

THE points of advantage of our Nebulizer are:

**SIMPLICITY IN DESIGN,
EASE OF MANIPULATION,**

and the absence of

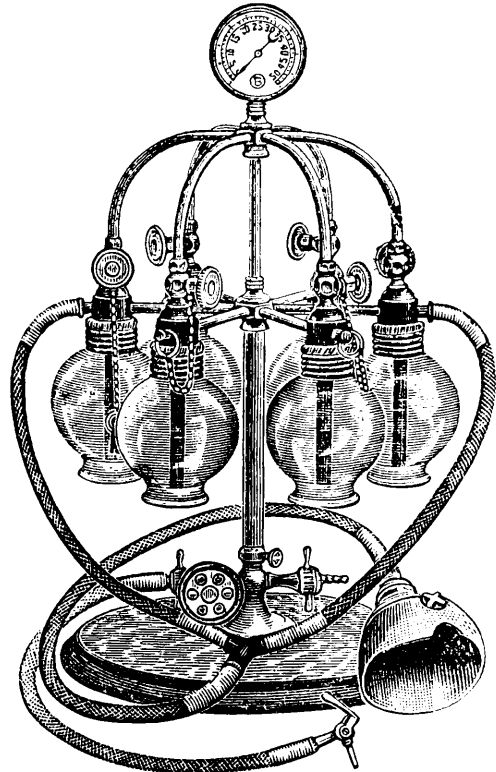

COMPLICATED PARTS,

which permit the

ACCUMULATION OF DIRT

or oily deposits, and the absolute

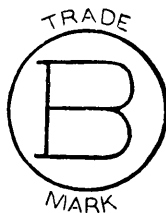

**ISOLATION OF ONE
CHAMBER FROM THE
OTHER.**

The superiority of our Spray Tube is beyond dispute, since it has been found by repeated tests to deliver more than five times the amount of the most perfect vapor with a given pressure of air as compared to any Spray Tube that has been as yet manufactured. The value of this alone is at once recognized, since it promotes a greater economy in the consumption of air.

Another very essential feature is the mouth-piece; the simplicity of construction permitting an instant attachment and detachment of the rubber mask, enabling each patient to have one for his individual use at a small expense, which removes a great objection of the Nebulizer from a hygienic standpoint.

ST. JOSEPH'S MATERNITY ...HOSPITAL... AND HOME FOR INFANTS

(which has connected with it a home for infants), affords a quiet retreat for persons who desire secrecy. The buildings, surrounded by twenty acres of lawn, orchard and forest, situated in one of the most attractive suburbs of Cincinnati, and of easy access by steam, electric or cable cars, are commodious and modern, with appointments homelike, comfortable, attractive and first-class in every particular; having private water-works and electric light plant. While the Hospital is heated by steam, each room has an open fireplace which can be used if preferred.

The care of the patient is under the closest supervision of the Sisters and Physicians, the strictest regard being paid to the wishes of parents or guardians sending those under legal age. Patients will be met at depots or a nurse will be sent to any part of the country to meet them, or take charge of child for adoption.

THE Board of Directors offers a three years' course of training to women who desire to enter the profession of nursing. The course of training comprises practical work in the wards, theoretical work in class and lecture rooms, and cooking lessons; being divided into Junior, Middle and Senior years.

The facilities for imparting theoretical and practical training to nurses are thorough and complete in all departments, including instruction by the ablest professors from different medical colleges, and the daily care of nearly one thousand patients in medical, surgical, obstetrical, gynecological, children's and contagious wards. Applications for admission must be made to the Superintendent, 304 Honoré Street, Chicago, Illinois.

CRANFORD SANITARIUM.

A quiet, refined home for the treatment of Nervous Diseases and Diseases of Women.
Dr. Octavia L. Krum, Physician in Charge, POTTSTOWN, PA. (See page 21)

GOCHENAUER-KETCHAM

Private Sanitarium

CORNER FIFTH & BEECH STS., SAN DIEGO, CAL.

SANITARIUM BUILDING.

This private institution is new and thoroughly modern in all its appointments, and is conducted as a Medical and Surgical Sanitarium. It has the advantage of one of the most perfect climates in the world.

From the New Pamphlet issued by the Chamber of Commerce:

In looking for a new home, be it temporary or permanent, your first thought is, what are the health conditions? San Diego, California, is the healthiest city in the United States. There are no marshes or pools in the vicinity to breed mosquitoes and malaria; the diseases so prevalent among the children elsewhere are comparatively unknown, while youth and middle age can enjoy life to the fullest extent, and those who have grown old and rheumatic in other less favored climes here regain their strength and vigor. The span of life is no longer complete at three score and ten. Men of eighty and ninety walk the street with vigorous step, and why should it be otherwise amid such perfect surroundings, in a climate where you may be out of doors every day and at every hour of the day during the entire year?

In answer to an inquiry as to his opinion of the climate of San Diego, Chaplain McCabe, bishop of the Methodist church, replied:

"Southern California is an earthly paradise, and San Diego is its capital."

Among other intelligent and concise opinions of the "Italy of America," are the following:

"San Diego has the most equable climate in the world."—Brig. Gen. A. W. Greely, Chief U. S. Signal Service.

"There is a geniality about the climate, for which the thermometer does not account—a charm which it is difficult to explain."—Charles Dudley Warner.

"This is one of the favored spots of the earth, and people will come to you from all quarters to live in your genial and healthful atmosphere."—Professor Agassiz.

This Sanitarium has special facilities for all kinds of surgical work, and is open to all reputable physicians whose patients are under their absolute control. Separate rooms for each patient. Our maternity department is complete in all respects. The latest equipment for all forms of electrical treatments, including static induced currents and X-ray work; also hydrotherapy, hot air and vapor baths, needle and shower baths, medicated tub baths, massage and the Swedish movements.

A full corps of competent nurses in constant attendance. Resident physicians and surgeons with a consulting staff of many of the city's ablest physicians, surgeons and specialists, at the call of the patient.

For Terms, etc., address as above.

“RIFLE PRACTICE IN THERAPEUTICS.”

Direct Action of Drugs

The only journal which is devoted to
Direct Therapeutics
is the

“CHICAGO MEDICAL TIMES”

Edited by DR. FINLEY ELLINGWOOD, author of “Ellingwood’s Materia Medica and Therapeutics,” which is now attracting the attention of physicians of all schools all over the world because of its systematic treatment of the direct action of the newest remedies.

Send **30 Cents** in Stamps at once and get THE TIMES Four Months on Trial. You will be more than pleased with it.

Ellingwood’s Therapeutics

has, at a single bound, taken an advanced position among the most popular works on Therapeutics published to-day from any author. It is received with the *most extravagant enthusiasm*.

IT IS LIKE NO OTHER BOOK.

You have noticed the high commendations of it in “The Alkaloidal Clinic.” It is most highly commended by such men as Hobart A. Hare, Harold N. Moyer, George F. Butler, Wm. F. Waugh, Frederick W. Mann and many others.

IT IS TRULY A GREAT WORK. It treats of nearly 100 botanic remedies not mentioned in other works.

Send for circulars, sample pages and full information.

PRICE, \$5.00.

ADDRESSING PHYSICIANS and DENTISTS.

Our list is kept corrected to date.
R. L. POLK & CO., DETROIT and CHICAGO.

Hahnemann Medical College and Hospital of Chicago

THE COLLEGE AND HOSPITAL BUILDINGS.

SPECIAL FEATURES.

1st. Location. In a city whose population is largely foreign, and available for clinical teaching.

2nd. Clinical instruction from the beginning to the end of the four years' course.

3rd. Large hospital under its direct control. In addition to which are the largest clinics in Chicago.

4th. Complete laboratory courses in the scientific branches in well equipped laboratories.

The plan of work in this institution contemplates clinical instruction from the beginning of the Freshman year to graduation. The method of teaching is distinctly objective. The work in the distinctly scientific branches is as complete as any other institution, but the clinical instruction is unusually complete in every detail. During the student's residence in the institution practically every phase and form of sickness will be presented in the various general and sub-clinics. In the college clinics and dispensary sub-clinics will be treated all such cases of sickness as are not confined to bed.

The hospital is provided with 12 wards and 48 private rooms for such class of cases as require hospital attention.

Women are admitted on the same terms as men.

The next term will open September 1902.

AND HOME GYMNASIUM OUTFITS.

STEVENS PHYSICIANS SUPPLY CO., PHILADELPHIA, PA.

THE NATIONAL MEDICAL UNIVERSITY

The following **advantageous** features distinguish this Institution from all others:

1. Separate Day and **Evening** Courses.
2. In Session the **entire** year. Four quarters; beginning with January, April, July and October.
3. The work of each quarter is **completed** by a final Examination.
4. All Lectures **repeated** every quarter or every second quarter so that one does not have to wait a **year** before a given subject is taught again.
5. Students may therefore enter at the beginning of **any** quarter or may attend one quarter, drop out the next and re-enter the third without disadvantages.
6. For the same reason Students may **change** at the beginning of any quarter from attendance during the Evening to attendance during the Day or vice versa.
7. A **Systematized** Medical Curriculum so that every subject in medicine must be covered before graduation is possible.
8. Attendance upon twelve (12) quarters during the day, or sixteen (16) quarters during the evening, extending over a period of four years required; five years after July 1, 1902.
9. Students at graduation are **prepared** to pass any State Board Examination.
10. This **University** embraces a School of **Medicine**, a School of **Dentistry**, a School of **Pharmacy**, a School of **Midwifery**, a School of **Osteopathy**.
A Diploma is given for each to those complying with all the requirements.
11. **All recognized** Schools or Systems of Practice are taught without prejudice or partiality by able representatives of each, thus giving the most liberal and practical medical education possible.
12. About one hundred Professors and Instructors, many of whom have no **superiors** and few equals.
13. An emergency, a general and a lying-in **Hospital** adjoining and in immediate connection, giving the student an opportunity to attend emergency cases, to receive bed-side instruction, to attend labor cases and to assist at operations.
14. Each Student is given the **opportunity** and required to attend **twelve** cases of **Obstetrics** before graduation.
15. Located in the best **clinical** field in Chicago.
16. Students of **both** sexes admitted.
17. **Low Fees**.
18. **Self-supporting** student's **Employment** Association.
19. A **free** Preparatory Course.
20. Ideal Question System.

CRANFORD SANITARIUM.

A quiet, refined home for the treatment of Nervous Diseases and Diseases of Women.
Dr. Octavia L. Krum, Physician in Charge, POTTSTOWN, PA. (See page 21.)

ST. ANTHONY'S HOSPITAL

Orphanage and Home for the Aged

A CHARITABLE institution under the patronage of Bishop Anthony Kozlowski, Polish Catholic Bishop of Chicago, incorporated under the laws of the State of Illinois, in the City of Chicago.

The building is of pressed brick with stone trimmings, three stories and basement; 167 by 100 feet, to be supplied with steam heat, electric light and baths, operating tables, laboratory and hospital appliances for medical and surgical treatment. The structure is already under roof, and part of it is completed and ready for occupancy.

ITS PURPOSES ARE: 1. To give gratuitous treatment to the poor in sickness. 2. To care for aged homeless. 3. To care for friendless orphans, to make good Christians and citizens through religious influence those who are condemned to pass through the houses of correction of the state, and the contagious atmosphere of crime. Its capacity will be for 500 inmates.

BISHOP ANTHONY KOZLOWSKI, President,
9 Lubeck Street.

JOSEPH SADOWSKI, Vice-President.

JACOB DZIEWIOR, Treasurer.

ALEX. S. LESZCZYNSKI, Secretary,
10 Lubeck Street.

JOHN MURAWSKI, Vice-Secretary.

DR. CHAS. H. BUSHNELL, Resident Physician.

28-40 Frankfort Street, CHICAGO, ILLINOIS.

THE SANITARIAN

A MONTHLY MAGAZINE,
Established in 1873.

"THE SANITARIAN for June, 1892, contains a life-sketch of its venerable and distinguished editor, Dr. A. N. Bell, and several contributions upon 'The triumphs of preventive medicine,' in the interest of which Dr. Bell has labored so long and so successfully. * * * No one has been so long, so patient and so persistent in awakening public attention to an interest in this cause. No one has filled so many positions demanding skill in practical work. No one has been more successful in practical work under great difficulties. The writer of the article is Dr. Stephen Smith, the eminent surgeon and author."—*Tennessee State Board of Health Bulletin.*

Based at the outset upon medical knowledge and sanitary service, over an extensive field of observation in various climates in different quarters of the world, large experience in dealing with epidemic diseases, and practical sanitation for the maintenance of health under the most trying circumstances:

"The Sanitarian is"—

AS OTHERS SEE IT—

"The American authority for everything appertaining to the healthful condition of the people at large. The contributions are from medical men whose writings are accepted as authority," (*Virginia Chronicle*); "The best sanitary publication in America," (*Mississippi Valley Medical Monthly*); "Easily maintains its superiority over all similar publications," (*Medical World*); "Has accomplished more good than all of the other sanitary papers put together," (*Hydraulic and Sanitary Plumber*); "The value of a good sanitary publication can hardly be estimated. The superior of THE SANITARIAN we have never seen," (*The Free Methodist*); "The editor, Dr. A. N. Bell, is well known to the mercantile community for his co-operation with the merchants in quarantine reform, and to his profession as a leader in sanitary science," (*N. Y. Journal of Commerce*).

"THE SANITARIAN has been the exponent of the most progressive science of hygiene for more than twenty years," (*The Living Church*).

Two volumes yearly. The volumes begin January and July; subscription at any time.

TERMS: \$4.00 a year, in advance; 35 cents a number. SAMPLE COPIES, 20 cents—ten two-cent Postage Stamps.

All correspondence and exchanges with THE SANITARIAN, and all publications for review, should be addressed to the Editor,

— THE — Detroit Surgical Table

NEAT, COMPACT AND DURABLE.

PRICE, \$10.00 NET.

Legs of this table are "Knocked Down." Head and lower extension pieces have been fitted and are securely packed with legs in the bottom of table, hence it costs you but little for freight and no danger of it being damaged during transit.

THIS OFFICE TABLE is made of highly polished oak, and is equally serviceable for surgical and gynæcological work. It meets all the requirements of an office table or office chair.

The entire length is 70 inches; body of the table when head and foot extensions are lowered 38 inches. Both ends can be raised or lowered, independently, to any desired angle. Width of table, 24 inches. Is provided with an extension, sliding out from either side of the table, convenient for holding the arm, or for instruments during an operation. Has two stirrups that can be adjusted to three different lengths, and concealed when not in use. There are casters under the head so that the table can be moved, with the patient on it, to place it with reference to the light.

NO CHARGE FOR PACKING OR CRATING.

Grand Trunk — For Niagara Falls, Toronto, Montreal, Portland, Railway System. Canada and the East.

Epítome of Nature—Man.

Epítome of Malt Virtues—Maltzyme.

Plain. With C. L. O. With Cascara Sagrada. With Hypophosphites.

A HIGHLY REFINED, CLEAR AND MOBILE CONCENTRATION OF THE NUTRITIVE AND DIGESTIVE ELEMENTS OF THE FINEST BARLEY MALT.

MALTZYME actively represents bulk for bulk, more malt than any malt product on the market.

MALTZYME is exceedingly rich in malt enzymes. It is therefore a powerful cereal and starch digester.

MALTZYME contains the proper amount of proteid carbohydrates, phosphates, etc. It is therefore an ideal food—Pre-digested.

As a cereal digester and tissue builder it has no equal. The logical advantages of **MALTZYME** are:—Mobility, transparency, smallness of dose (two teaspoonfuls), strong digestive power, uniformity, ease of administration, and adaptability as a vehicle in which to administer remedial agents.

MALTZYME with Cod Liver Oil.—The finest Cod Liver Oil combined with Maltzyme. Its taste is delicious. Its administration so easy. Try It.

MALTZYME with Cascara Sagrada.—Maltzyme combined with select and properly seasoned cascara bark. An ideal tonic laxative. A positive cure for Constipation. Sounds big, but it's true.

MALTZYME with Hypophosphites.—The virtues of the beautiful base, "Maltzyme," combined with those of the Hypophosphites of Calcium, Sodium, Potassium Iron and Manganese.

CONTROLLING THE
WEAVER FILTER SYSTEM.

ALSO: 10 NORTH 13th STREET
PHILADELPHIA, PA.

THIS Filter is constructed to accomplish the best possible result through its simple but effectual arrangement. It is a single cylinder containing three distinct and separate filters, each so constructed to operate independent of the other. In the top section the filtering mediums are particularly selected as to arrest all foreign substance held in suspension, while the other two sections complete the purification by the ingredients they contain, all of which is accomplished without the use of chemicals, coagulants or other objectionable material.

The filtering mediums in this Filter are, by eminent authorities, acknowledged to be the highest grade known in filtration.

x

It delivers a full supply of Clear, Sparkling, Soft Water, and is highly recommended for the service needed in

Mills,	Paper Mills,	Hotels,	Apartment Houses,
Dye Works,	Laundries,	Hospitals,	Office Buildings,
Boiler Plants,	Bottling Works,	Clubs,	Private Residences,
Sugar Refineries,			Public Buildings, etc.

Do not be deceived by imitations, but buy this, the best.

THE ST. LUKE SOCIETY

(INCORPORATED.)

Wabash Avenue and 21st Street, (Telephone South 844.) CHICAGO, U. S. A.

The most Luxurious and Complete Institution of the kind in the World.

DEPOSITORY: THE CHICAGO NATIONAL BANK.

NATIONAL HEADQUARTERS THE ST. LUKE SOCIETY.

THE Medical Department of The St. Luke Society undertakes the permanent cure of all cases of **LIQUOR, TOBACCO, MORPHINE, OPIUM, COCAINE**, and other **drug addictions**, when satisfactory evidence is given that the patient desires to be freed from the habit; also all nervous disorders arising from dissipation, overwork, etc.

The St. Luke system of treatment is properly classed among the greatest of modern medical discoveries by scientific men who have investigated the results.

ONE OF THE REMARKABLE FEATURES of our work is the short time required to effect cures and put our patients into possession of good health and perfect condition of nerves. The cure is effected by eliminating all drugs, alcohol, nicotine, or other poisons from the human system and putting the patient into a perfectly clean and normal condition similar to that of childhood, with all unnatural desire or taste for narcotics or stimulants entirely gone.

This condition is produced in from 6 to 8 days, in all cases of drug addictions where tobacco is not used, and in from 10 to 12 days with patients using tobacco. Some forms of nervous affection require two weeks time.

THE FEE for the cure varies according to the character of the case. No extra charge is made for room and board where ward treatments are given. Those desiring special attendance and private rooms are charged according to the accommodations furnished. **Service equal to our best hotels, and the greatest exclusiveness may be had by those who desire to pay for it.** Write for printed matter and full information. All correspondence strictly confidential. Address all communications to

CHICAGO, ILLINOIS.

This is a post-graduate college in which physicians can get the greatest possible amount of scientific and practical knowledge in the shortest possible time. Everything is up-to-date. Instruction is thorough, practical and clinical. Dr. Pratt, the president, is widely known as a pioneer in Electro-Therapy and X-Ray treatment. The Faculty consists of the leading specialists of Chicago, representing all schools of medicine. Graduate physicians who complete the full scientific and clinical courses (three months) receive the degree of Doctor of Electro-Therapeutics. Special electro-therapeutic courses are given from time to time by members of the Faculty on their special branches, such as Nervous Diseases, Genito-Urinary, Nose and Throat, etc. Short courses are given weekly.

The Regular Courses Begin March 31, June 30 and September 29, 1902

THE CONVERS TRANSFORMER
for Cautey and Diagnostic Work

This Transformer is designed to be used on 55 or 110 volt, alternating circuit. By the arrangement of this Transformer the smallest to the largest electrode may be heated with ease, using a Diagnostic lamp at the same time of cauterizing. Designed to use very little current and give the highest efficiency possible. This Transformer can be used on direct current only by using a motor generator, changing 110 volts direct current to 70 volts alternating current.

CAUTERY-HANDLES AND ELECTRODES MADE TO ORDER.

PHYSICIANS' HEAD LAMP

To be operated direct on fifty-five or one hundred and ten volts. In using it remove lamp in gas fixture and place the plug in the same. Something new. Better and more light for all examinations.

ADDRESSING PHYSICIANS and DENTISTS.

Our list is kept corrected to date.

R. L. POLK & CO., DETROIT and CHICAGO.

FOR MEN AND WOMEN.

Tufts College Medical School,

BOSTON, MASS.

Will commence its next annual course of lectures the first Tuesday in October, in its **NEW and THOROUGHLY EQUIPPED BUILDING**, and continue eight months

The curriculum consists of a four years' graded course of didactic and clinical lectures, recitations and demonstrations, supplemented by practical work in the laboratories and dissecting room, upon the various branches of medical science.

The large hospitals and dispensaries of Boston furnish an abundance of clinical material, and students are required to diagnose and prescribe for patients at the College Dispensary, under the supervision of the College Board of Instruction.

For further particulars or catalogues, address the Secretary,

CHARLES PAINE THAYER, A. M., M. D.,

Grand Trunk — For Niagara Falls, Toronto, Montreal, Portland, Railway System. Canada and the East.

UNIVERSITY OF MICHIGAN. HOMŒOPATHIC MEDICAL COLLEGE.

LECTURES COMMENCE LAST TUESDAY IN SEPTEMBER EACH YEAR.

SPECIAL ADVANTAGES.—The SPECIAL advantages which this department offers to medical students may be summed up as follows: IT'S LONG, THOROUGH AND GRADED COURSE OF STUDY; ITS LOW FEES AND INEXPENSIVE COST OF LIVING; ITS MAGNIFICENT AND THOROUGHLY EQUIPPED LABORATORIES; ITS NEW, COMMODIOUS AND WELL-EQUIPPED HOSPITAL; ITS CORPS OF SALARIED PROFESSORS AND INSTRUCTORS; ITS ASSOCIATION WITH THE GREATEST UNIVERSITY ON THIS CONTINENT, whose diploma is known, honored and recognized the world over, and which gives its possessor superior standing in, and commends him to the people of any community.

THE HOMŒOPATHIC HOSPITAL.—The new Homeopathic Hospital which was opened October 1st, 1900, is provided with a corps of trained nurses, large, airy and well-lighted wards for male and female patients, private rooms for special patients, marble operating rooms for aseptic surgery, dispensary, etc., all under the immediate direction of the Faculty.

ANATOMICAL LABORATORY.—The anatomical laboratory is admirably adapted for its purpose; the rooms are large, well-lighted and well-ventilated.

CHEMICAL LABORATORY.—The chemical laboratory provides thorough instruction and suitable appliances for the practical study of all branches of medical chemistry.

PHYSIOLOGICAL LABORATORY.—The apartments provided for the physiological laboratory offer excellent facilities for prac-

tical work, whether of class instruction or original investigation.

HISTOLOGICAL LABORATORY.—The histological laboratory is well supplied with microscopes, microscopical accessories, microtomes, imbedding apparatus and other instruments used in histological work.

PATHOLOGICAL LABORATORY.—The work in this laboratory comprises an elementary and advanced course. It includes all ordinary practical work in connection with the study of the processes of disease as seen with the microscope.

HYGIENIC LABORATORY.—There is a large room devoted to bacteriological work, which contains all the improved apparatus employed by Koch. All the known pathogenic and the most important non-pathogenic germs are studied.

PATHOGENETIC LABORATORY.—A laboratory of experimental pathogenesis has been established in the Homeopathic building on the campus. This laboratory is equipped with the necessary apparatus for experimentation with medicinal substances on the healthy human body. This is a special feature of the school. Proving will be made, and each student will be required to do a certain amount of original work and research in the pathogenic field. A complete course in Homeopathic pharmaceuticals will also be given in this laboratory.

THE GYMNASIUM.—The gymnasium is 152 feet long by 124 feet wide, while the administration rooms have an area of 82 feet by 32 feet, with a wing for the ladies' gymnasium, in addition. It is open to students of all departments.

Men and Women Admitted on Equal Terms.

For Particulars. Address **DR. R. S. COPELAND, Sec'y, Ann Arbor, Mich.**

ADDRESSING PHYSICIANS and DENTISTS.

Our list is kept corrected to date.

R. L. POLK & CO., DETROIT and CHICAGO.

Dr. Tuholske's Private Surgical and Gynæcological Hospital.

This Hospital has been specially designed and built for the care of patients requiring surgical or gynæcological treatment and it is believed that so far as sanitary conditions, ventilation, light and heating are concerned, this Institution will compare favorably with the best in the land. The rooms are nicely and cosily furnished, the cuisine equals that of first-class hotels, the nurses are thoroughly trained, competent and required to be affable, gentle and attentive. Patients will find in this Institution the comforts, and if desired, the luxuries of a home combined with the quiet, seclusion and trained nursing, such as one finds in hospitals only, and the security which comes from the knowledge of being under the direct and personal care of the Surgeon.

The Institution is centrally located on N. E. Cor. of Jefferson Ave. and Locust St., St. Louis, Missouri.

DR. H. TUHOLSKE, Surgeon in Charge.

WM. M. ROBERTSON, M. D., Surgeon and Pathologist.

WM. S. DEUTSCH, M. D., Assistant Surgeon.

127 West 47th Street,

(Late 117 W. 47th St.)

CONSULTATION HOURS:

11 A. M. to 7 P. M.

At other times by appointment only.

NEW YORK CITY.

The Sanitarium was founded in the year 1889.

Its record challenges the admiration of the medical profession and the world.

No other institution of its kind can approach it, either in excellence of method or uniformity of results.

Practice in the Sanitarium is limited to all organic and functional diseases and irregularities of women.

Discount of 20 per cent from all fees collected allowed physicians referring cases to the Sanitarium.

Send for booklet.

J. W. COKENOWER, M. D., Secretary
 of the

Iowa Medical State Society said:

"Waterbury's Cod Liver Oil with Creosote and Gualacol is all that is claimed for it, which has been clinically verified in my practice."

DR. E. E. DORR, in referring to the use of Waterbury's Cod Liver Oil Compound at the Iowa Children's Home wrote:

"I was much pleased with the results obtained from the administration of this preparation to the children of this institution, in fact, agreeably surprised."

MORRHISTINOL Synonym for Waterbury's Cod Liver Oil.

DRY HOT AIR

The SPRAGUE METHOD and APPARATUS
for its employment in the Curative Art.

Hot air, unless freed from moisture, is a depressant. HOT, DRY AIR is exhilarating and restorative. To be of value as a therapeutic agent it must be HOT and DRY in the initial, and so maintained throughout the treatment.

The SPRAGUE DRY HOT AIR APPARATUS stands pre-eminently ALONE, as SAFE, DURABLE AND EFFECTIVE.

Patents have been granted us by the United States, Canadian and many European governments for the exclusive right to manufacture, use and sell apparatus for, and the METHOD of treating human diseases, wherein Dry Hot Air is generated and maintained above the boiling point of water (212 degrees F). These rights will be protected.

Pamphlets illustrating the different forms of apparatus manufactured by us, detailing their advantages, together with other literature bearing upon the subject, will be mailed free on application.

PRICES ON APPLICATION.

The Thermo-Ozone Generator

generates a newly discovered force which sends medicine, oxygen and ozone into any diseased tissue. By the use of the treatment, as proven in the practice of a great number of physicians as well as in our own practice during the past eleven years, very many apparently incurable cases have been cured, such as sclerosis of the liver, uterine fibroids, enlarged prostate gland, locomotor ataxia, Bright's disease, catarrh, deafness, etc. The great value of the discovery consists in its capability to cure acute disease in an apparently incredible short period of time. It subdues a fever in a few hours. The ozone not only destroys bacteria but prevents a development of epidemics.

This scientific and rational method of cure must soon end stomach medication, which, as all physicians know, has not proven satisfactory. I have devoted more than fifty years to the teaching and practice of surgery, and feel anxious to improve the art of medicine. From this reason, I furnish physicians with the invention at one-half price, to wit: \$7.50. Our descriptive pamphlet of eighty pages will be sent on request. Our New Therapeutics, a work of several hundred pages is sold to the profession for \$1.00.

CRANFORD SANITARIUM.

A quiet, refined home for the treatment of Nervous Diseases and Diseases of Women.
Dr. Octavia L. Krum, Physician in Charge, POTTSTOWN, PA. (See page 21.)

BRIGGS'
PRIVATE INFIRMARY
 FOR THE
Treatment of Surgical Diseases.

(ESTABLISHED 1891.)

It is situated at the CORNER OF COLLEGE AND PEABODY STREETS, in the highest and HEALTHIEST PORTION OF THE CITY, and is accessible by two lines of electric cars. The buildings are new and attractive, separate houses for male and female patients, and have been fitted up with all modern conveniences. The rooms are heated by steam and open grates, and provided with electric bells and electric lighting apparatus.

Special pains have been taken to perfect the operating room, so that surgical operations can be done with the strictest regard to aseptic and antiseptic requirements. Trained nurses and excellent servants are in attendance. Rates of board reasonable.

The location of the Sanitarium leaves nothing to be desired.
Each patient accorded personal attention.

EASTON SANITARIUM AND ANNEX.

Many improvements have been made in the EASTON SANITARIUM during the past two years, so that now, with handsomely furnished rooms, modern conveniences and the general air of home comfort which exists about the place, it is especially adapted for the reception of those requiring rest and medical treatment, whether it be for nervousness, mild forms of insanity or for drug habits. The fact that for over twenty years Dr. Kinney was Assistant (late First Assistant) in the Middletown State Homœopathic Hospital, N. Y., is a guarantee that a man of experience is in charge, and consequently everything will be done for the comfort and improvement of the patient's condition.

WILLOW BARK SANITARIUM.

DR. E. R. WATERMAN, President. DR. A. B. BARNES, Medical Director.

ESTABLISHED 1892.

A PURELY VEGETABLE CURE FOR
Liquor, Morphine, Chloral, Cocaine and all Drug Habits.

The Sanitarium is under the personal management of properly qualified and recognized medical practitioners. We complete the cure under guarantee, and references will be furnished on application.

Letter from ex-Vice-President of the United States, A. E. Stevenson, to Dr. F. J. Parkhurst, who discovered the Willow Bark Cure, in which Vice-President Stevenson indorses the treatment :

TO WHOM IT MAY CONCERN :

BLOOMINGTON, ILL., March 31, 1901.

I am personally acquainted with Dr. F. J. Parkhurst, Medical Director of the Willow Bark Company of Danvers, Illinois. Dr. Parkhurst is a gentleman of high character and a physician of recognized ability. The institution of which he is Medical Director has already accomplished a great work, and its usefulness is growing. I commend it to all who are so unfortunate as to need treatment for the drink habit.

Yours very truly, A. E. STEVENSON, Ex-Vice-President of the United States.

DR. J. W. ROBERTSON'S HOSPITAL

— FOR —

Nervous and Mental Diseases.

LIVERMORE, CAL.

DR. JOHN W. ROBERTSON has established a Hospital for the care and treatment of Alcoholism, Morphomania, and the Functional Nervous Diseases, as well as the curable forms of Insanity. It is situated in Livermore, an hour and a half's ride from the Oakland Mole, and is reached without change of cars. The Hospital for Mental Diseases, consisting of a large central building and adjoining cottages, is so arranged as to segregate patients properly and to assure privacy. It is surrounded by ten acres of land consisting of well kept lawns, vineyard and fruit trees. A separate building, also surrounded by handsome grounds, has been secured for the use of those suffering from Nervous Diseases and, while both establishments are under the same management, they are entirely disassociated.

Office (with Dr. W. H. Mays) 1118 Sutter Street, San Francisco.

Hours:—1:30 to 3:00 Friday.

OGLETHORPE BY-THE-SEA, TAMPA, FLORIDA.

Beautifully situated on a high knoll on Hillsboro Bay, about five miles from Tampa, with a rear view on the Bay Front Boulevard extending from Tampa, is Port Tampa City.

Fair Florida is truly the Land of Flowers and Oglethorpe situated on the gulf coast experiences no extremes of either heat or cold. There is a subtle element in the atmosphere which gently lulls the nervous, wakeful sufferer to pleasant and refreshing slumber. The sunlight is beautiful and inviting, the air balmy and soothing to weak lungs. Open sea bathing the year round. The salt sea atmosphere soon creates a hearty appetite and brings a ruddy color to the cheeks. For those able to take out door exercise there is boating, fishing, gunning, the shores abound in duck, trout, crane, pelicans, the woods in quail and rabbits. Tampa electric cars pass along the Boulevard every few minutes and the beautiful drive-way along the Bay shore, and beside Orange Grove and fine residences is very inviting, making access to both towns both easy and pleasant.

For Information, Address DR. ELMER E. VAUGHAN, President.

Dr. J. Warren Walker's Antiseptic Treatment for Tuberculosis.

Method of Treating—by Inhalation, Subcutaneous or Rectal Injection, Antiseptic Tablet for internal use, and Antiseptic Ointment for local application to ulcers, etc. The remedy has a specific influence—destroying the germs of the mixed infection in from 1 to 3 months, and the bacilli in from 3 to 8 months. All cases in the incipient stage of Pulmonary Consumption permanently cured. A cure in later stages depends on the amount of tissue destroyed, and the general nutrition. The Joint, Bone and Glandular forms of the disease yield readily to the treatment and are restored to a normal state. Ulcers of long standing quickly healed. Since the remedy has been in use for twelve years the permanency of its cures is well established.

I invite physicians to investigate; I treat patients for physicians; I furnish physicians with the treatment, or furnish direct to the patient through the physician's order. I intend opening a sanitarium for the exclusive treatment of tubercular diseases.

References given of cures effected. Prices, etc., furnished on application.

"MALT CREAM."

An Ideal Invalid and Infant Food. Contains no flour or starch, no glucose or anything that is innutritious or indigestible.

The most reliable substitute for human milk on the market . .

As a cure for Insomnia it has no equal. Composed of the fat of Pure Rich Cream, combined with the properties of Barley Malt.

SURE NERVE TONIC.

Mrs. B. H. Wood of Deep River, Ind., under date of Jan. 25th, 1901, writes as follows:

Dear Sirs:-- I wish to write and recommend Malt Cream to all mothers as a baby food, for I have found it far superior to any I have ever tried. At three months old, our baby was sick and fretful. Our doctor brought a sample of Malt Cream, it agreed with him and I began using it altogether. Now at eight months he is good natured, healthy and weighs 25 pounds.

Yours respectfully,

MRS. B. H. WOOD.

P. S.—Do you put up Malt Cream in Hospital sizes, and what is the price? Will you please let me know.

ELIZABETH E. MARCY HOME

OF THE

WOMAN'S HOME MISSIONARY SOCIETY

OF THE M. E. CHURCH.

THE direct object of Marcy Home is the temporal betterment and eternal salvation of the people of all nationalities and conditions. Its success and its hope is in the childhood of the community.

The work is fourfold. Relief and aid, industrial, educational and religious. Under relief and aid is our supply of clothing and our dispensary; affiliating with the Bureau of Associated Charities, both Protestant and Hebrew; having access to the hospitals and charitable institutions of the city.

It was established in 1895, and while much has been accomplished we are greatly in need of assistance, that we may be enabled to extend the work of mercy and help.

The attending physicians are:

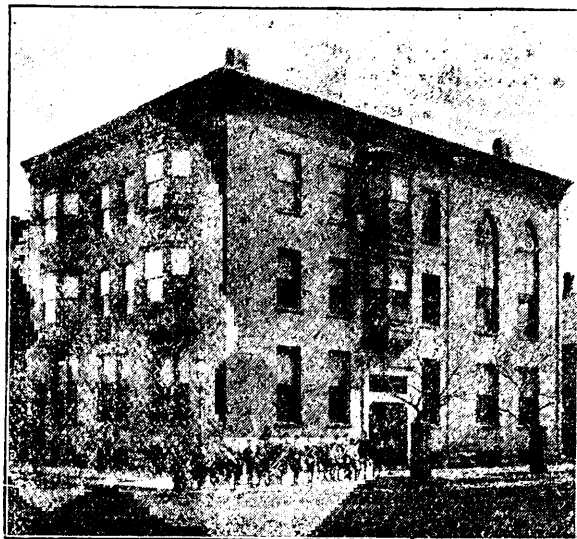

JENNIE E. HAYNER, M. D.

ESTELLA HORTON, M. D.

HENRIETTA M. FARQUHARSON, M. D.

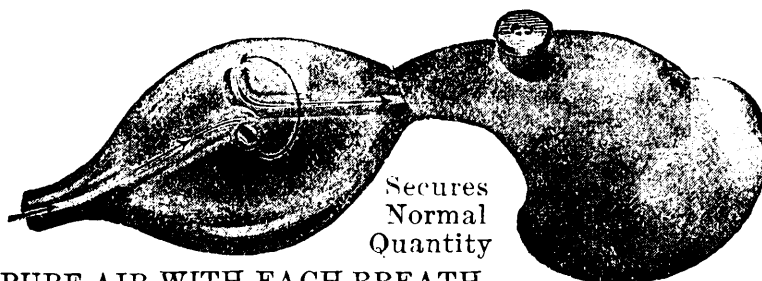

MISS WINETTA L. STACKS, Asst. Supt.

THE MOTTO of our Company is co-operation — our field the physicians, dentists, and druggists of the country — our proposition to save them money on their purchases of drug store goods of all kinds, surgical and dental supplies, etc. — our method to buy in quantity at quantity discounts, and to distribute to members through our own stores, dividing the profit on their purchases with them.

In 1901 we had two stores supplying physician stockholders in Maine, Vermont and Massachusetts, and we were able to pay them 8 per cent on the 31st of December, 1901.

ESTABLISHED 1870.

The NORTHWESTERN LANCET MINNEAPOLIS, MINN.

... Published on the 1st and 15th of each Month ...

The **LANCET** has a larger field than any other minor medical journal in the country. It circulates throughout the great Northwestern Empire, from Minnesota to the Pacific coast; and its high standing in the profession and among advertisers is attested by the long-continued hold it has maintained upon each of them. Over fifty per cent of the advertisers now represented in the journal were its patrons, and some of them long had been, when the present publisher took charge of it in 1887.

The following extracts are taken from the annual addresses of two presidents of the Minnesota State Medical Society:

In a time of profuse and cheap journalism, when we are nearly deluged with medical literature of every grade, much of it of little honor to our calling, we have cause for congratulation that one of the brightest journals of the country bears the standard of the Northwestern profession. It has grown to a creditable and representative journal, prized by the whole profession of the Northwest at home, and generally respected and quoted abroad. Its pages fairly index the progress of matters medical in our State during the past few years.—J. H. DUNN, M. D., Minneapolis.

Our State is to be congratulated upon having so excellent an organ in its midst; and its editors and publisher should be thanked by this society for the literary and artistic merit of the journal. Not only in medical literature but in medical education are we to be felicitated.—W. J. MAYO, M. D., Rochester, Minn.

The following came to us, wholly unsolicited, from one of the oldest, most highly respected and most scientific physicians in Minnesota.

I am more than well pleased with the **LANCET**. The profession of this State and the Northwest have reason to be satisfied with its present excellent management.—FRANKLIN STAPLES, M. D., Winona. (Sept. 3, 1901).

CRANFORD SANITARIUM.

A quiet, refined home for the treatment of Nervous Diseases and Diseases of Women.
Dr. Octavia L. Krum, Physician in Charge, POTTSTOWN, PA. (See page 21.)

WILLIAMS'

IMPROVED FARADIC WALL APPARATUS

OPERATED BY DRY CELLS

NO ACIDS OR LIQUIDS

We have recently made a number of improvements in this Apparatus. We wind the secondary coil to **3,000 FEET OF FINE WIRE**

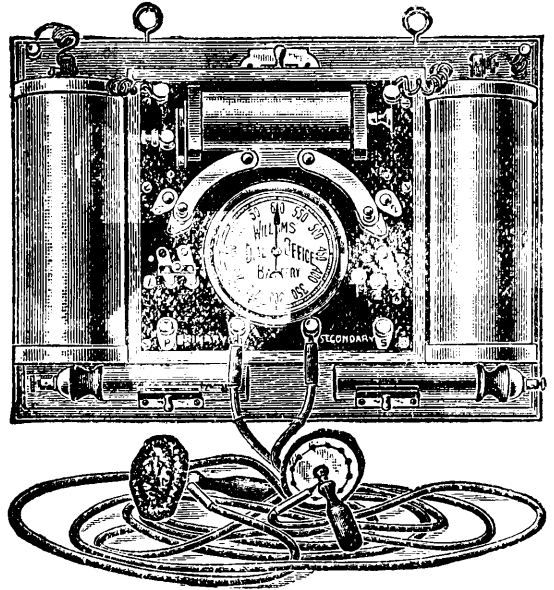

Switch 1, 2 and 3 enables the operator to tap the coil at 1,000, 2,000 or 3,000 feet. The instrument is mounted on a polished slate plate screwed to a polished golden oak base fourteen inches long and ten inches wide. The dry batteries used to operate it are enclosed in nickel-plated tubes. The compartment underneath the slate plate is to hold electrodes, attachments, etc. This Instrument is provided with pole changer and cell selecting switches.

**AS GOOD A FARADIC BATTERY
AS CAN BE MADE AT ANY PRICE**

PRICE, including sponge electrodes, hand electrodes, extra long conducting cords and an aluminum foot-plate is **\$20 net**. We prepay expressage.

SEE IT BEFORE YOU PAY.

We will ship this Apparatus, C. O. D. \$20.00 with privilege of examination, expressage prepaid, to any Physician in the United States.

Our catalogue 14 describes all our Faradic and Galvanic Batteries and electrically lighted instruments. Send for it.

The Jewel Instantaneous and Portable Water Heater

Has Merits Possessed by No Other.

Heats water at 70 to 120 degrees in one minute and will keep a stream flowing at that temperature. Can be used wherever there is gas, and be moved readily from room to room, as all connections may be made with rubber hose as shown. Heater is hung on supports screwed to the wall. It is small and compact; about one foot square, and just one foot high. Will burn manufactured, natural and machine gas. We make this Heater with tank and burner for gasoline where there is no gas.

**Costs but 2c to Heat Enough
Water for a Bath.**

Three six foot lengths of cloth insertion rubber tubing are furnished with each heater. Anyone can attach it. Everyone guaranteed.

THE MEDICAL COUNCIL,

The Best Advertising Medium in the Medical Field.

A PLAIN, PRACTICAL MEDICAL JOURNAL FOR THE
EVERY-DAY FAMILY PHYSICIAN.

Advertisers state that they receive more correspondence from its readers than from those of any other journal. One chemical house states that they hear more from it than from any other three journals combined; another, more than from the best six journals combined; another, that they have received more than \$5.00 profit for each \$1.00 invested in The Council advertisement; another, that the character of the replies is better than that from any other journal — he can sell to almost every one of them.

The Council is a monthly journal, \$1.00 per year. Sworn circulation fifteen thousand (15,000) copies each issue. Size of type page 5½ x 8 inches.

SPECIAL PRACTICE IN CHRONIC DISEASES.

OFFICE AND LABORATORY AT
225 JEFFERSON ST., FAIRMONT, W. VA.

All Constitutional and Nervous Diseases are treated at our Medical Sanitarium and Special Dispensary at FAIRMONT, W. VA., by Electrotherapeutics and Liberal Progressive Medicine of the different schools and numerous Specialists, and the methods they have proven in practice.

We have arranged a course of treatment for all curable diseases to be sent out by mail and express to those who cannot visit here. Write for consultation blank outlining constitution, giving Hereditary, Physical and Temperamental description of patient. This system of original plan of diagnosis is interesting and instructive, and almost equals a personal interview.

Our methods are strictly ethical. Printed forms are for classified information and instruction. We aid medicine by permitted Suggestion and proper use of Electro-Medical apparatus, including Cabinet Galvanic, Faradic and Static machines; Ozone and Hot Air Appliances with X-Rays and Microscope, aid us making more certainties in medicine. Will exchange methods with Specialists and correspond with those desiring to take up a paying specialty. Terms and rates reasonable. Address as above,

Superior Manual Training School, elegant home, number of inmates limited to thirty, fifty years' experience in the work, habits of the inmates carefully guarded and closely watched, as can be done with the small number of inmates, but simply impossible in the large institutions.

The admirable influence of a school and home, we offer, such as cannot be equaled in this country, and the American establishments of this kind are far superior to those abroad. Write to the Superintendent or General Manager, for terms which will be found to be very moderate.

BRIGHT'S VAN NESS' Lacto-Lithiated Strontium Compound
(Van Ness Formula.)

The salts of Strontium used in our preparation are entirely free from Barium, neutral, reliable and palatable. The Lithium is well washed in alcohol, neutralized and dried. These salts, when combined in the treatment of Bright's disease, and in conditions associated with albuminuria, give results which are so rapid that in twenty-four hours after dispensing, the albumen excreted will be diminished one-half and in ten days almost entirely disappears.

In cases of enuresis, either in adults or children, the preparation acts as a specific, relieving the distressing condition immediately.

Among the many letters we receive, we submit the following:

DR. ADDISON C. FOX, Baltimore, says: "I am curing my cases," and that he has had most wonderful results from its use.

DR. W. H. WILLIAMS, Dale, Ind., writes: "I have used large quantities of Strontium Compound and have had results from it I could not obtain from any other preparation, and I have exhausted almost everything else to give relief to my patients."

DR. W. A. BROWN, Athol, Mass., says: "I am curing my cases."

DR. DAVID COLEMAN, Richmond Borough, Greater New York, has had several very obstinate cases of Bright's Disease and they have all recovered from it.

DR. C. W. REID, Pelham, Ga.: "Send me two bottles more of your Lacto-Lithiated Strontium Compound. It works fine."

DR. H. H. BELLROSE, Rutland, Vt.: "Send two pounds more of your Lacto-Lithiated Strontium Compound by first express."

DR. L. P. CHAMBERLAYNE, Rochester, N. Y.: "My patient is doing fine on the Lacto-Lithiated Strontium Compound. Send another bottle to same address."

DR. DAVID BRIGHT, Constantinople, Turkey: "More cases Bright's disease here than in any other part of the world. Lacto-Lithiated Strontium Compound cures it."

DR. ALBERT SMITH, Parsons, Kans.: "A few months ago I ordered a bottle of your Lacto-Lithiated Strontium Compound for a case of Bright's disease. The patient took the medicine with good results, the albumen disappearing entirely from urine. Please send me three more bottles."

We also refer to Dr. W. B. Watkins, Stone Point, Texas; Dr. B. J. Lisk, Ocala, Fla.; Dr. W. L. McRae, Trenton, Tenn.; Dr. J. A. Wade, Danbury, Conn.; Dr. J. R. Powell, Boston, Mass.; Dr. A. J. Erdman, Allentown, Pa.; Dr. M. Sowash, Irwine, Pa.; Dr. C. B. Richmond, Denver, Col.; Dr. F. W. Rowan, Buena Vista, Miss.; St. Paul Medical and Surgical Institute, St. Paul, Minn. And many others whom we will put in direct communication with physicians, on request, both in the United States and Canada.

WADE'S FRENCH NASAL CATARRH CURE.

THE FRENCH NASAL CATARRH CURE is a positive cure for all catarrhal symptoms of the head and throat. To cure disease you must apply the Remedy to the diseased part, remove the cause and the work is done; what the French Nasal Catarrh Cure will do and is doing every day. It cures Catarrhal Headache in the forehead from temple to temple. Glimmering or Black Spots before the Eyes, Buzzing or Roaring in the Ears, Dropping of Mucus down the Throat, Hawking and Spitting and Catarrhal Sore Throat. It stops that poisonous secretion from dropping down in the throat, which causes an irritation and tickling cough; it clears and heals the nasal passage of the head and cures the head and throat.

(A postal card)

DEAR SIR—I have used your French Nasal Catarrh Cure, and have found it to be the best remedy I have ever had, and I have had many! It cured me of the worst kind of Catarrh. I am ever so much obliged to you. Respectfully yours,

CHICAGO, March 16, 1900.

REV. H. C. APPELBACH, 2835 Princeton Avenue.

J. WADE & CO., 769 W. 63d Street,

CHICAGO, ILL., Feb. 25, 1901.

DEAR SIR—I have been troubled with Catarrh for 14 or 15 years, the last 4 years in the winter months I have been afflicted something terrible, so bad I almost lost the power of speech above a whisper. I have used a great many catarrh remedies without much benefit to me. I have used two bottles of your French Nasal Catarrh Cure with the result that I am almost well. Any afflicted with catarrh of the nose or throat I hope will give your medicine a trial.

You are at liberty to publish this letter or refer any person to me. I will gladly explain what the remedy has done for me.

W. A. SWENK, Gen'l Inspector C. B. & Q. R. R., 5425 Morgan Street.

PRICE—50c a Bottle, Send P. O. Order or Two Cent Stamps. Call before 9 a. m. or after 4 p. m.

All Orders Promptly Filled.

PYROCTIN!

A FEBRIFUGE, ANODYNE, AND ANTIPYRETIC.

This preparation is safe and reliable. It relieves pain, reduces the temperature, and, unlike other compounds of similar nature, is not a cardiac depressant; on the contrary, it exercises, in addition to its nerve sedative powers, a stimulating effect upon the entire system.

It is especially valuable in the treatment of Fevers, Gastralgia, Rheumatism, Migraine, La Grippe Etc., Etc.

Dose, five to fifteen grains, repeated every two to four hours, if needed.

PYROCTIN is sold both in powder and Tablets. Also in the following combinations:

PYROCTIN and Salol. PYROCTIN and Codeine. PYROCTIN and Quinine.

PRICE, 75c per oz.

ADDRESSING PHYSICIANS and DENTISTS.

Our list is kept corrected to date.

R. L. POLK & CO., DETROIT and CHICAGO.

THE CORWIN SANATORIUM.

The central idea of this Sanatorium is the comforts and freedom of a home and the conveniences of an institution having facilities for aseptic surgical work, as well as the therapeutic resources of massage, Invigorating and Eliminative Baths including the superheated hot air Baths.

Special attention is given to the dietetic value of foods and the art of preparing them. Physicians entrusting their patients to our care are assured of the strictest professional courtesy.

Binghamton has a reputation second to none for attractiveness and municipal improvements.

The city is reached by the Erie, Lackawanna, Syracuse, Utica and Albany railroads and is six hours' ride from New York city.

The expenses are regulated by the needs of the patient with special rates for clergymen, physicians and convalescents.

Dr. ELIZABETH CORWIN,
Resident Physician.

DOCTOR! THIS IS WORTH KNOWING.

THE J. C. SCHNOTER SUSPENSORY BANDAGES. — It is a well-known fact that many suspensory bandages on the market are not manufactured on hygienic or correct surgical principles at all. They lack shape, and therefore are useless as a support. Some are made of cheap colored material, causing as a result eczematous scrotal eruption. Some are made, on the other hand, of so thin a material that, after being worn for a day or two, stretch to such an extent as to be perfectly valueless. There is a firm in New York, however, who have for many years made a suspensory bandage, WHICH IS A BANDAGE, and which has secured for the firm the endorsement of the medical profession. The house referred to is J. C. SCHNOTER CO., of 523 Sixth Avenue, New York City. This company builds every appliance on true and correct surgical principles, so that it is little wonder that they have attained to the position of confidence already reached. — *Canadian Journal of Medicine and Surgery*, September, 1899. — Ask your druggist for the "GENUINE SCHNOTER'S SUSPENSORY BANDAGES." (Look for our trade mark, J. C. S.) If he has not our make in stock, and refuses to get it for you, send direct to us and we will mail direct to you in plain wrapper, on receipt of price. Plain style cotton, 3c and 40c; Linen, 50c; Silk, 50c 60c, and 75c; A. & N. Style, no elastic, 30c. THE IMPROVED M. L. EXTENSION SHOE

For people with a **SHORTENED LIMB**, it is the neatest, lightest and most serviceable extension manufactured. **IT IS A COMPLETE SHOE WITHIN A SHOE**, can be worn in any ready-made shoe and guaranteed to make both feet look alike. Wearing the M. L. Extension places the limb in a more natural position, thereby strengthening same. We also make lasts and shoes for deformed, paralyzed or tender feet—in fact anything in the line of special shoes. Send for illustrated catalog and rules for self measurement.

THE HAMMOCK INVALID FOLDING BED

The hammock feature is one of the most valuable of the many good points of this bed, facilitating the change and airing of bedding, giving the patient the relief of being lifted from a heated mattress to a cool and comfortable hammock, securing perfect ventilation of the body and preventing bed-sores. The circular opening in the hammock enables the use of a chamber without inconvenience. In fact this bed is a revelation to the weary invalid, being invaluable in the treatment of all acute and Chronic Diseases, Paralysis, Rheumatism, Consumption, Continued Fevers, Heart Disease, Fractures and other severe injuries and surgical operations.

VOLTMETERS AND VOLT-AMMETERS

For Testing Storage and Primary Batteries
of all Kinds and for General Measurements.

THESE instruments are accurate and reliable and are guaranteed against defects. They are of the permanent magnet type and are made in a thorough manner, electrically and mechanically, on the same principle as the best of the large instruments. The magnets are of special imported steel and are carefully aged. The pivots of the moving parts are hard and sharp and rest in jewels. Each instrument receives careful attention and adjustment and its scale is made separately by hand. The instruments are used by the leading electrical and automobile companies.

J.C. Schnoter's Knitted Suspensories

ESTABLISHED 1870.

J. C. SCHNOTER'S
ARMY AND NAVY SUSPENSORY.
manufactured solely by the J. C. SCHNOTER CO. (Headquarters) 523 Sixth ave., near 31st St., New York, U.S.A. (See p. 2491.)

Are the only perfect ones on the market. The pouch being seamless, is elastic, easily adjusted, making a delightful support; perfectly constructed for comfort and recreation. A permanent relief for Varicocele (Cirsocoele), Hydrocele, etc. The only Hygienic Suspensories that have the full indorsement of Physicians and Surgeons. Nothing but the best and purest of materials are used in their construction. These bandages have stood the test of the entire world since 1870, and still lead as the best, despite the many worthless imitations that have sprung up since. Little was known of any other make at that time. Ask your Druggist for the "GENUINE SCHNOTER'S SUSPENSORY BANDAGES." (Look for our trade mark, J. C. S.) If he has not our make in stock, and refuses to get it for you, send direct to us and we will mail to you in plain wrapper, on receipt of price. Plain style, COTTON, 30c. and 40c.; LINEN, 50c.; SILK, 50c., 60c. and 75c.; A. and N. Style, no elastic, 30c.; Army and Navy Style, with lisle elastic belt and straps, Cotton, 65c.; Linen, 75c.; best Silk, \$1.00. Guaranteed and

THE PHYSICIANS' SUPPLY DEPARTMENT, ASHLAND, VA.

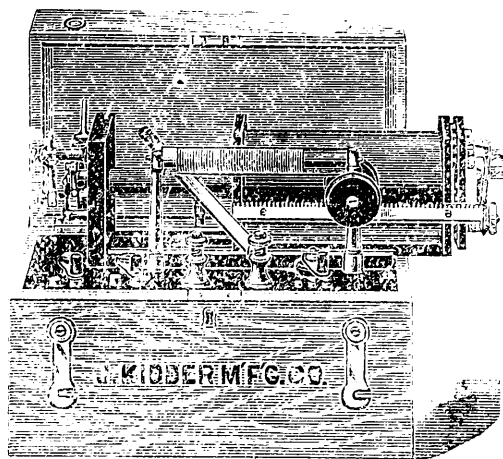

THIS Department has a general State Agency for the distribution of literature, the exhibition of sample books, instruments and preparations and the taking of orders for same.

We have a medical Agent in every county in the State of Virginia and in the larger towns and can reach every practicing physician promptly through a responsible medical man for sampling, selling, collecting or other purpose.

Book Publishers, Manufacturing Chemists, and Instrument Makers will find it of advantage to confer with us when they wish to reach every physician in Virginia.

FOR CAUTERIZING . .

The Phillips Transformer is Perfection

It can be connected directly to the electric lamp socket with attaching cord when alternating current system is used. When direct current is in your office you will need a motor generator in connection with transformer.

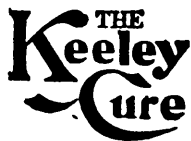

AGENTS WANTED. Price, \$20.00 Motor Generator \$25.00

Mfg. by G. ADOLPHUS PHILLIPS 229 E. 68th St. CHICAGO, ILL.

This machine will operate the smallest cautery electrode made, also the largest. Bottin's prostatic incisor, cystoscopes, and any miniature lamp requiring ten volts or less, can be operated perfectly on the Phillips Transformer.

Lamps can be operated independently of, and at the same time as cautery.

THE NEW ANIMAL THERAPY

FORMULA—Following ingredients taken from 5-months-old goats; contents of lymphatic glands, ducts, etc.; extracts from lymphatic glands, cerebrum, medulla, cord and testicles; also semen from 2-year-old bull's testicles. All ingredients taken before and immediately after death, and kept indefinitely in an active condition.

Used in certain chronic diseases, especially functional and organic diseases of nervous system, chronic articular rheumatism and other chronic diseases characterized by infiltration or degeneration, atrophy, overgrowth connective tissue and retarded nutrition.

THE ROBERTS-HAWLEY LYMPH COMPOUND and THE ROBERTS-HAWLEY "SPECIAL" LYMPHS.

Statistics, Journal of the Am. Animal Therapy Association and other literature may be obtained from the Medical Director of the Association.

Aplopappin Comp. An Ideal Oxytocic

—Safe, Prompt, Efficient, Reliable—

SYRUPUS APLOPAPPIN COMP.—As an oxytocic its properties completely overshadow those of Ergot, and it exerts them in a manner at once reliable, speedy, and safe, and in perfect harmony with nature's process of parturition.

Aside from its uses in antepartum inertia of the womb, a full dose given about the close of the second stage of labor IN EVERY CASE insures a proper expulsion of the secundines by invoking prompt involution of the entire muscular structure of the uterus, and this effect continuing, after-pains, hemorrhage, and sepsis are powerfully guarded against. No part of its action at any time is in contravention of nature's process, but it hastens and insures this to a degree that its place in modern aseptic obstetrics can easily be assigned.

Literature, giving formula, etc., and a four-ounce sample mailed, once only, to any physician sending us his card and twelve 2-cent stamps, or the regular 16-oz. size by express, \$1.00.

OXYCHLORINE.

A N ARTIFICIAL SALT, modeled upon that chemical principal in blood plasma that destroys bacteria, attenuates and antidotes the poisonous toxins and ptomaines throughout the Economy. Leading Authorities state that blood plasma depends directly upon **Oxygen and indirectly upon Chlorine** for the quality and power that renders it the most effective bactericide, toxicicide, antiseptic, antiputrescent, and antiferment, in nature. **Oxychlorine** contains both **Oxygen and Chlorine**, which are available when brought into direct contact with exposed capillaries and cell tissue in the same proportion they exist in arterial blood.

Dean of Philadelphia College of Pharmacy.)
Messrs. A. W. STRAUB & CO.

Gentlemen—I have made a careful test of your F No. 4 Quaker City Mill. I wanted to see if it was adapted for retail druggists' uses. I tried it on a number of drugs and substances and found it to answer admirably. The difficulty

as with most drug mills that unless the operation is sufficiently large to justify the time of thoroughly cleaning the mill, both before and after using, it will not pay to have it about; but this little mill of yours takes up a trifling space and can be quickly fastened to the counter and its handiness commends it to practical druggists. Very truly yours, JOSEPH P. REMINGTON.

TRADE **SOMAL** MARK

A Fermented Milk Food, in Siphons. In this preparation the curd of the milk is so finely divided as to produce a light, creamy consistency, which is agreeable alike to the palate and the most sensitive stomach. This curd, because of its flakiness, is easily penetrated by the digestive fluids of the stomach, and is therefore often retained and assimilated where other foods fail. Prepared exclusively by **THE SOMAL COMPANY,** 6 East 42d St., New York. Bet. Madison and 5th Aves. Telephone, 3462 38th Street. Send for Circular.

Most convenient and effective vaginal syringe ever used.

Eclectic Medical College and Sanitarium

The Summertown Medical College and Sanitarium, of Crestview Lawrence Co., Tenn., was chartered in 1898, and owns its home with a park of 57 acres, and main building of 81 rooms, all near the depot. Owing to the abundant supply of free stone and cholebate waters, altitude and climate, this place of now 1,000 inhabitants has been resorted to by health seekers for three quarters of a century.

DR. W. W. TURVER,

Prospect Park Hospital, 252 Connecticut St., cor. Fargo Ave.,

Buffalo, N. Y.

DR. TURVER, Owner and Superintendent, is a graduate of Victoria Medical College, Canada, 1869; and of Bellevue Hospital Medical College, New York, N. Y., 1879; and resides in the hospital so that everything is continually under his observation.

CAUTION.

Beware of the so-called Medical Directories, plagiarized from R. L. Polk & Co.'s Medical and Surgical Register of the U. S. and Canada, in violation of the copyright Laws.

We have positive proof that some of the so-called State Medical directories issued since August, 1900, were copied from our 1900 Register and palmed off as new and original works.

Our friends will confer a favor upon us as well as render a service to the medical profession by promptly notifying us of such attempted frauds.
